REPORT TROOPS CLASH IN SOUTH AMERICA

NOTED DETECTIVE TO PROBE CANTON CRIMES

ROGERS WOULD LET DEMOCRATS LOCATE PALACE OF G. O. P.

(Special To The News)

NEW YORK, Dec. 17.—Didn't I tell you we would have nothing but arguments as to where this miniature white house is to be located? We will perhaps have another Civil War to see which side of the Montgomery-Ward line it's located on.

I don't think it should be a partisan question at all, as the Republican party is the one that has to continuously live in it. I think they ought to at least let the Democrats locate it anyhow.

Just think, one of those filibusters have held up Boulder Dam for seven years and when it come to a vote only eleven men were against it.

Maybe one man is holding up the Kellogg peace treaty.

Yours,
WILL.

PA NEWC OBSERVES

Numerous citizens suggest that the city should take advantage of the present break in the weather and hose off the downtown streets. It would be a good health measure at the present time.

While church attendance on Sunday seemed to be rather hard hit because of the epidemic of grip, one would never have known that there was any sickness in the city by the size of the Saturday shopping throng. The crowd was unusually large.

First 1929 license noted by Pa Newc is 27,407.

Why wouldn't it be a good idea to use a bus as an auxiliary to the street cars for two or three trips during the rush hours Sunday?

State and U. S. highway routes through New Castle are now marked with the official markers. It will help auto traffic through the city in a wonderful degree.

A steam shovel is located on the property opposite the Shenango church on the Wilmington road, work being started on the erection of a new home on the site.

Several local folks are going to have a native Christmas tree this season. An auto was noted coming into the city yesterday with a tree tied to each running board.

Farmers who are off the improved roads report that the dirt roads are rather hard to navigate at the present time, being deep with mud in places.

To Robert C. Love, owner of the Greer building, goes the laurels for one of the most unique Christmas decorations in the city. Not only is the marquise of the building loaded down with evergreens, but in every window of the building there is a cheery red wreath, sending forth its holiday greetings to all who care to crane their necks.

Frank Sullivan of Apple way, who is more used to scraping wire off the cheeks of New Castleites than cutting hair off the polls of children, did a notable deed Sunday. Every boy at the Margaret L. Henry home was taken to his shop, and there the boy received a Christmas haircut free of charge.

Saturday evening the streets of the city were more than usually conjested. It seemed as if everyone in Lawrence county spent the evening in New Castle, doing his or her Christmas shopping.

When members of city council, school and recreation boards meet as luncheon guests of Dr. C. C. Green, in the Adminstration building, Thursday at 6:30 p. m. one of the vital subjects may be: "How should the school board appropriate for recreation?" It is intimated that an appropriation, similar to that of the city would bring

Prosecutor Harter Asks Slater To Assist In Untangling Strange Case

(International News Service)

CANTON, O., Dec. 17. — Ora Slater, a well-known detective, was to come here today to assist in clearing up the double tragedy which claimed the lives of Vernard Fearn and Margaret Heldman.

Several features of the case remain veiled in mystery and Prosecutor Henry W. Harter, Jr., of Stark County, decided to engage Slater to investigate them.

Slater will be asked particularly to delve into circumstances leading up to the death of Mrs. Heldman, who, it has now been definitely established, shot Fearn to death at the door of his home in the village of Waco, the night of December 6.

Heldman In Custody

Returning to her husband in Lorain, Mrs. Heldman remained there for a week while police were searching vainly for the "Phantom Gun Girl," then, on Dec. 13, her husband, Wilbur O. Heldman, found a letter which she had written to him, confessing the murder. Fearn had

"GOOD-WILL" TOUR ENTERS FIFTH WEEK

Hoover's Visit To South America Disturbed By Dark War Clouds In Chaco Sector

By LAWRENCE SULLIVAN
International News Service Staff Correspondent

MONTEVIDEO, Uruguay, Dec. 17.—Disturbed by the war clouds hovering darkly over the Chaco district disputed by Bolivia and Paraguay, president-elect Hoover today began the fifth week of his Latin-American "good will" tour.

His schedule called for numerous visits, receptions and speeches which filled the entire day and most of the night.

At ten o'clock this morning he was to receive residents of the American colony at the Parque hotel where he and the others of the "good will" party are stopping. At ten thirty he was scheduled to pay a visit to the Municipal council.

Doctor Louis A. De Herrera, president of the national council of administration, which is the Uruguayan equivalent for a cabinet, was to receive him.

Visits Legislature

At eleven-thirty Mr. Hoover was to pay a visit to the legislature. At one o'clock in the afternoon he was to have luncheon at the Parque with president M. Juan Campisteguy and foreign minister Rufino Dominquez. At three o'clock he was to have a private conference with government leaders and at five o'clock similar conferences with members of the diplomatic corps.

After that he was to go sight-seeing about the city with president Campisteguy before attending a state banquet at nine o'clock at which he was to make a speech.

Montevideo is the seat of the permanent commission of inquiry set by the Pan-American conference in 1923 for the purpose of attempting to prevent war between nations of the western hemisphere by the application of arbitration.

Upward Revision Of Tariff Sought In All Quarters

All Sections Of United States Demand Upward Revision Of Tariff Laws

HEARINGS WILL OPEN JANUARY 7

New Tariff Bill Will Be Written In First "Hoover Congress" Is Indication

(International News Service)
By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Dec. 17. — A nation-wide demand for upward revision of the Fordney-McCumber tariff act has been revealed in the wake of the decision of Republican congressional leaders to write a new tariff bill in the first "Hoover Congress," Rep. Willis C. Hawley (R) of Oregon, chairman of the ways and means committee, declared today.

The committee, which will write the new bill for presentation to congress has virtually completed its plans to start hearings on January 7, Hawley said.

The proposals for the raising of new tariff barriers against foreign made goods come from every section, including the South, Hawley said. They are embraced in hundreds of letters received by the committee, requesting time at the hearings.

"All of the schedules are affected by the proposals thus far made, though not all of the several thousand items which make up the tariff," sair Hawley.

Extent Not Known

"We are unable at this time to forecast the extent of the changes. The proposed action should properly be called a readjustment and not a revision, and it is our belief that we will have to adjust only those schedules which are out of line as a result of developments since enactment of the last tariff bill."

Upward revision of agricultural schedules is certain, in Hawley's opinion. The need for increased protection has already been shown and the Republican party is pledged to furnish the necessary legislation, he said.

Pleas for added protection on almost all agricultural products, includ-

Earle Jones Goes On Trial For Life In Butler Court

Garage Man, Alleged To Have Murdered Wife, Starts Life To Escape Electric Chair

(International News Service)

BUTLER, Pa., Dec. 17.—J. Earle Jones, 38, of Butler, went on trial in common pleas court today before Judge James M. Galbreath for the murder of his wife, Mrs. Nellie Addams, 33, on the night of October 19.

An abandoned farmhouse six miles southwest of Butler was destroyed by fire at midnight and when investigation of the ruins was made a bit of what was pronounced a human skull was discovered. Further digging in the ash uncovered a wrist watch and two rings, which were pronounced by relatives to be the property of Mrs. Jones.

After telling a number of stories, which were shown to be untrue, Jones was grilled by state and county police and he signed an alleged confession in which he admitted burning the body of his wife, but claimed that she held the revolver which was discharged in a quarrel in their apartment.

Jones insisted that his wife was killed by a bullet when he scuffled with her to prevent her killing him.

Use Precaution To Guard Hoover From Communists

Montevideo Takes Extra-Precaution In Safeguarding President-Elect Hoover

COMMUNIST GROUPS QUICKLY DISPERSED

Stringent Measures Resorted To As Hoover And Party Land In Uruguay

(International News Service)

MONTEVIDO, Dec. 17.—Communists attempted to mar the Uriguayan goodwill visit of President-elect Herbert Hoover with demonstrations, but received stern treatment at the hands of the police and military authorities..

One group bearing banners with the inscriptions "Viva Sandino" and "Viva Nicaragua" was dispersed.

During the three mile ride from the docks to the Parque Hotel small knots of men in the crowd broke into derisive shouts as the procession passed.

The motor car bearing the President-elect was flanked by a company of presidential guard cavalry, the troops forming a solid wall as the horses mover head-to-tail.

This honorary guard was a block long, riding on both sides of the street.

Plaza Is Cleared

The procession was held up 15 minutes in front of the presidential palace where an enormous, noisy crowd had collected. It was necessary for cavalrymen to clear the plaza before the Hoover party could get through.

After reachhing the hotel a cordon of 250 foot and mounted troops was placed about the building for continuous duty while Mr. Hoover is here.

Late Sunday night a little crowd with banners tried to make a demonstration in front of the hotel, but was turned back by the soldiers.

No one was permitted within several blocks of the hotel unless on official business or unless he bore an official card.

Gen. Estanislao Mendoza, Uruguayan minister of war, remained in the hotel until 10 o'clock last night. When he departed no one was allowed to enter without a pass signed by the war minister.

In view of the untoward incidents attending the arrival of Mr. Hoover it was said there might be some rearrangement of today's program.

WASHINGTON, Dec. 17.—The twin battle over American adherence to the Kellogg anti-war treaty while increasing the strength of the American navy was expected to enter its major stage in the senate this week, with proponents of both measures predicting victory.

The fight for ratification of the treaty began anew today before the senate foreign relations committee, where the old "irreconcilable" group explaining America's terms of adherence. The resolution, opposed by President Coolidge and administration leaders, would guarantee America's non-intervention in any foreign war, reassert the sacredness of the Monroe Doctrine and absolve her

LANSING CITIZENS ARE AIDING WOMAN

Appeal May Be Taken To Supreme Court In Case Of Mother And Ten Children

(International News Service)

LANSING, Mich., Dec. 17.—Mrs. Ettie May Miller, a work-gnarled charwoman, 48, and looking 60, hardly recognized herself today in the martyr role in which the penal code of Michigan and the acclaim of anti-Volsteadians combined to cast her.

The gray-haired grandmother is the first woman to come up against the statute which provides life imprisonment for four-time violators of the prohibition laws.

Until a jury decided that she had bestowed a vinegar cruit of "moon" on two thirsty strangers at her gate, Mrs. Miller was known as just a simple soul, trying to get along under the economic handicaps of a Rooseveltian family, an absentee husband and a cheerfully improvident disposition.

Second Barbara Fritchie

Since that conviction she has been hailed as a defiant Barbara Fritchie of the cause of personal liberty. Michigan's capital city smarts under the impending stigma of being branded another Dayton, Tenn., or Salem, Mass. Apprehensive Lansing business men have offered to finance an appeal of the case to the supreme court.

"Land sakes," observed Mrs. Miller, who comes of the down east Yankee stock which cleared the Michigan wilderness. "Guess I've woke up something. Takes a woman to do that."

The significance of her trial as a test of public opinion of the "habitual criminal" statute in a state where sale and possession of liquor are felonies is lost on Ettie May Miller. What is clear to her is the drab, set of circumstances through which she may end a drab life behind prison walls.

Asks for Divorce

If she had the vocabulary of metropolitan bootlegging circles, she might say that she took the rap once too often for her ne'er-do-well man. Her divorce suit is pending against Alvin ("Cordy") Miller, whose record covers a whole deck of cards in Lansing

Special Meeting Of League Council May Settle Dispute

GENEVA, Dec. 17.—Senor Cortadellas, Bolivian minister to Switzerland, hastened here from Berne today to act as liaison official between Bolivia and the League of Nations.

Belief prevails in league circles that special meeting of the council may be summoned to deal with the South American situation. Sir Eric Drummond, secretary general of the league said at noon: "We have no request for a special meeting although it is possible the day may bring forth such a demand from some member nation."

She didn't.

Robt. C. Love Hurt In Fall

Steps Into Elevator Shaft At Greer Building And Falls 9 Feet

RIGHT KNEE-CAP BROKEN IN FALL

Robert C. Love, Lincoln avenue, well known banker and business man of this city, on Sunday morning about 9:30 o'clock, at the Greer building, sustained a fracture of the right knee-cap and a slight laceration of the forehead, when he fell some eight or nine feet to the cement floor of the pit of the Greer building elevator shaft.

His misfortune became known a few minutes after the accident occurred and he was removed to the Shenango Valley hospital, where an examination revealed the extent of his injuries and he was accorded the necessary treatment.

Removed to Home

Later Sunday afternoon, he was removed to his home, where he is resting as easy as could be expected under the circumstances.

Sunday morning, Mr. Love had occasion to visit his office on the fifth floor of the Greer building. On Sundays, the elevator is not in operation and the main entrance doors to the entrance to the elevators are locked, as is also the door of the elevator.

It was about nine thirty o'clock, when Mr. Love, following his custom of previous Sundays, when he found it necessary to visit the office, entered the main entrance and went to the door of the elevator.

The elevator in this building does not run into the basement and when not in use, the car is supposed to remain at the first floor.

Mr. Love unlocked the door of the elevator shaft, expecting naturally that the elevator car would be inside. His mind intent on other things, he stepped into the elevator, without first looking to see if the car was there. The next thing he knew he was falling through space, landing with considerable force on the concrete floor of the pit, some eight or nine feet below. The car was not in its proper place as expected.

Little Change In King's Condition

Slight Improvement Is Noted In Report Of Physicians Today

(International News Service)

LONDON, Dec. 17.—King George's condition continued improved today, an official bulletin timed 10:45 a. m. stated.

"The King had a fair night with some natural sleep towards morning. The slight improvement noted in his majesty's condition yesterday continues," the bulletin stated.

It was signed by Sir Stanley Hewitt, Sir Hugh Rigby, and Lord Dawson of Penn.

Nevertheless, it was recognized that his majesty still has a long period of uncertainty ahead of him. His weakness is still evident. In medical circles it is believed that the condition of his heart is the most important factor to be reckoned with.

The King is now being treated with therapsutic rays. These are used as a tonic to bolster his powers of resistance and speed his recovery.

Palace officials emphasized that any improvement from the application of the ray therapy treatment must necessarily be extremely slow. It was stated that it might be several days before the royal patient would be strong enough to be able to take the full application. The present applications last only from one to three minutes.

Bolivia-Paraguay Open Hostilities, Many Are Killed

Reports Differs As To Casualties Paraguay Issues Draft Orders

WAR ANNOUNCEMENT APPEARS INEVITABLE

Each Country Declares Other The Aggressor; Troops Being Massed

(International News Service)

BUENOS AYRES, Dec. 17.—Reports from Bolivian and Paraguayan sources received here today indicated that further serious clashes between troops of the two countries have resulted in numerous fatalities in the disputed Chaco district.

Bolivia reports declared that almost 100 Paraguayans were killed when troops captured a number of wagons loaded with munitions and provisions. Many Paraguayan prisoners were taken and a number were wounded, the report stated, while the Bolivian losses were comparatively slight.

Reports from Paraguay, on the other hand, asserted that Bolivian troops had been put to rout, that only a few Paraguayan fatalities occurred, while Bolivian losses were heavy, and that several forts in the disputed district had been held despite determined assaults by the Bolivians.

Paraguay Drafts Men

Paraguay has issued a call for the mobilization of all its fit men between the ages of 18 to 29.

This was announced here in communication issued by the Paraguayan legation. The communication stated that the Paraguayan government had decided upon the mobilization order because Bolivia had taken the aggressive in attacking Paraguayan forts in the disputed district. Both countries are in a frenzy of patroitism. Hundreds are enlisting. Parades and demonstrations fill the streets of all the principal cities.

A formal announcement of war appears inevitable, dispatches received here from both sources indicate.

Each country declares the other the aggressor. The governments of both promise their respective populaces immediate redress.

The Bolivians are using modern war methods. A Bolivian airplane flew over Bahia Negra and dropped four bombs. None of the explosives went off, however.

Troops Being Massed

In view of the renewed hostilities neither country appears to be willing to wait for arbitration either by the Pan-American Conference or the League of Nations.

Both are reported massing troops and equipment along the borders of the disputed district.

Gran Chaco, the territory claimed by the two republics, contains more than 100,000 square miles, containing large areas of swamp land and jungle. It stretches eastward from the foothills of the Andes moun-

Boys Choir At Rotary Session

Boys From St. Mary's Church Sing At Noon Hour Session

ADDRESS IS MADE BY DR. JOS. T. KANE

Dr. Joseph T. Kane, a representative of the Gorgas Memorial Institute of Washington, D. C., made the weekly address before the New Castle Rotary club at noon today. Dr. Kane told the life story of the late Dr. William Crawford Gorgas, a former surgeon general of the United States army and the discoverer of the malaria and such other dread diseases of the Panama Canal Zone. He spoke of the efforts that are being made to create a memorial to the memory of Dr. Gorgas. The speaker said that Dr. Gorgas was the greatest benefactor to the United States and other lands in many a generation. "Health," said Dr. Kane, "plays a great part in the life of a nation, and it was to the furthering of health that Dr. Gorgas contributed much."

A special feature at the noon meeting today was the entertaining program that the boys' choir of St. Mary's church rendered. There were 26 voices in the choir, and consisted of the following:—Soprano: Bernard Carlin, Ambrose Casey, Paul Mills, Edward Todd, Thomas O'Neil, William Carlin, Robert Gallagher, Joseph Cranney, George Chip, Paul Babcock, John Travers, James Gravenstrater, Thomas Maher and Bernard Schooley. Alto:—Jack Donnegan, James Donnelly, Bernard Green, Paul Capitolo, Michael Quinn, William Boyle, Thomas McMullen, Earl Winterbottom, Bernard Wadlinger, Donald Freeman, John Eckelberger, John Oberleitner and Joseph Howley. Steve Gulinski, organist at St. Mary's, accompanied the singers at the piano. Mrs. Lee Stockman and Mrs. Albert Fehrenbach assisted Rev. F. S. Clifford, the director of the choir.

The program they rendered in Latin follows:

1. Magnificat from Vespers, Luke 1:46-55. Bernard Carlin, soprano.
2. Number 3 Credo of Gregorian Mass.
3. Soprano solo, Ambrose Casey and choir.
   "Benedictus."
4. Kyrie—Rheinberger, Op. Soprano and alto choir.
5. Agnue Dei—Rheinberger, Op. Soprano and alto.
6. Adeste Fidelis. Soprano an dalto.

more farfetching results. The recreation board is composed of two councilmen, two school board members and a buinessman. Council, it is known, would like the school board to make an appropriation.

When a force of men get to work on the tabernacle Tuesday evening, starting to tear it down, people of New Castle will know that the 13 weeks of evangelism are over. For Tuesday night Evangelist C. H. Erickson has asked his people to come to the tabernacle armed with hatchets, claw hammers, pinch bars and picks. Mr. Erickson will open services in Youngstown January 20.

Try to explain to a foreigner, not long in this country, the exact duty of a reporter. It is a Cyclopean task. And, at the end of it all, like as not he will wind up by asking the same reporter who is explaining his duties if he is not also a pressman, or if he does not also sell the papers on the street. In other countries, they call reporters "journalists" which is something akin to a banker here.

New Castle is one of the cities that also save for pleasure. Some ten states, it is reported, saved over 10 millions each in Christmas savings funds. Pennsylvania was one of these states. It is an indication of a change in society—man saving to spend for pleasure as well as for the inclement days. One local man told Pa Newc that such a fund appeared to be a compulsory saving each month much like the payment for the family bus.

S'funny about the illness epidemic. Schools all over the state are being closed on account of excess sickness and several here in Lawrence county are crippled. There are some of the county high schools, however, that have not any absences from the flu.

Street walkers about Christmas time take on a particular aspect. If you notice, there are few women and men too who are not bundled down with packages. Pa Newc noticed the other day a man and wife entering the homeward bound street car and both buldged so with gifts for Aunt Mary and little Marys and Johnnies that they had difficulty in boarding the car.

Like the man in the patent office who, it is alleged, resigned his position back in the middle of the nineteenth century because he believed that there was nothing more that could be invented, so is Pa Newc with ideas for Christmas gifts. Different business companies of every sort have concocted every imaginable way to remember folks at Christmas.

Although 'No parking signs" warn motorists against parking on the south side of North street, between North Mercer and North Mill streets the thoroughfare is congested owing to parking every evening about 5:30 p. m. Saturday night several jams occurred as cars were parked while motorists entered the postoffice. This may be a good place for some policeman to put in half an hour's time during the busy traffic hours.

County basketball is ready to start off with a bang. You New Castle folk who think the league is not a life and death matter should see some of the games. It is one of the keenest of any basketball series in the county. Pa Newc has witnessed quite a few of them that the audience should have had sabers and the players boxing gloves.

Pa Newc notes that a member of the school board recently declared that "the girls do not wear enough clothing properly to keep warm." The statement was jotted down after it had been asked: "What is wrong with the heating at the high school." This may and may not be correct. But it gives Pa Newc occasion to arise and ask "How much does the average school girls clothing weigh?" There are several Pa Newc so just address the answer to Pa Newc.

A wag about the burg come forth with the statement that the illness epidemic will cause a lot of people to "spend Christmas at home this year."

Providing some arrangement is made between Superintendent of garbage collection Howard Phillips and the school board, the city garbage trucks will make several hundred trips a year to Senior high school. It is costing the school administration $5.00 a day, it is reported to have garbage hauled away. Mr. Phillips has always been courteous and efficient and it is believed that a conference with him would remedy the situation.

When autoists drive over a thoroughfare and find a depression they should not forget to report it either to Superintendent of streets Clayton Reeves or Henry Dysart, inspector for the legal department. Mr. Dysart inspects things like this and the erring plumber or contractor is notified immediately to repair the situation. Mr. Dysart's office number is 940. Mr. Reeves can be reached at 2288. Wait a minute now, don't all start talking about Wilmington avenue. Report only the new holes there.

Dr. Steen's warning to the public was appropriate. His notice should command serious consideration. There are several hundred mild cases of Influenza, commonly called "colds" in New Castle. The city health officer has aked the people of the city to stay away from persons who have colds. This order can also be observed by loving couples who participate in that famous sport known as osculatory exercise. However, Pa Newc doubts very much if the latter will be guided and will run the risk of catching germ colds.

Solicitor Robert M. White's opinion to city council that busses which operate as interstate carriers cannot be taxed jarred members of council. Busses use local streets and help to ruin them. They do not take on or discharge passengers. The only thing council can do is to map out a reasonable route for the busses to use and it is probable the city may adopt such a plan. The city however, does have the right to tax busses which operate between New Castle and other points within the state.

Report of the police that an attempt was made to rob the New Castle Hardware company recalls the Mather Bros. $10,000 diamond robbery. The robbery was staged in practically the same manner. The thieves entered the jewelry store from the rear. It is probably that Night Lieutenant Peter Hilliers may assign some of his plain-clothesmen to watch the dark alleys after the business houses close.

Today is the day on which the members of council set around a large table and figure out appropriations for the coming year. It appears as though the city will not have any more revenue for 1929, than for 1928. In fact it is said that the personal assessments have taken a decrease but the valuation has been held up by the erection and remodelling of banks and buildings. The city is $19,000 short now of meeting 1928 bills, according to Councilman Burns.

The old letters "B. Y. O. L." will probably appear again as the holiday season rushes in, but it behooves Pa Newc to issue a warning to those who imbibe to be careful if they cannot be abstainers. Poisonous liquor is on the market. There is no question about this. Bootleggers have no scruples. They want money and are not interested in the purchaser one moment after the sale is made. A man should think as much of his family as he does of liquor.

Deaths of the Day

Mrs. Samuel Harris

NEW WILMINGTON, Dec. 17—After a little more than a month's illness, Mrs. Samuel Harris, one of the oldest and best-loved New Wilmington citizens, passed away at her residence here at 7 o'clock Sunday morning. Mrs. Harris who was 84 years old had lived here since 1913, moving from New Castle.

She was the widow of the late Samuel Harris who died in 1914, from the result of a wound received in the civil war. Mr. and Mrs. Harris first lived on a farm near Pulaski, moved to Harrisburg and from there to New Castle, but finally resided in New Wilmington.

Mrs. Harris, who was Miss Elizabeth N. Wilson, has been a member of the New Wilmington Neshannock Presbyterian church since her childhood. Both she and her husband were well-known for their great activity in church affairs. Four children died before reaching maturity.

A brother, James Wilson of New Wilmington, and two sisters, Mrs. M. H. Ferver of Youngstown, O., and Mrs. Austa Wilson of Pittsburgh, survive.

Dr. S. A. Kirkbride, a close friend of Mrs. Harris, will conduct the funeral services, which will be held in the Waugh avenue residence Tuesday afternoon at 2 o'clock. Interment will be made in the Neshannock cemetery, west of town where Mr. Harris was buried.

Miss Myrtle Rodgers.

Miss Myrtle Rodgers aged 50, died Sunday December 15, 1928, at 2:30 p. m. at the home of her sister Mrs. L. C. Hogue, 910 Morton street after an illness due to pneumonia. Miss Rodgers was born in Mercer county, July 9, 1878, the daughter of Hiram and Nancy DeGarmo Rodgers .

For some time previous to her last illness and death she had been matron of the Benjamin Franklin Junior high school.

She was a member of the Bethany Lutheran church and the Women's Benefit association.

She leaves one sister Mrs. L. C. Hogue of Morton street with whom she resided.

Funeral services will be held Tuesday December 18, 1928 at 2 p. m. from the late residence 919 Morton street.

Interment will be made in Oak Park cemetery.

Alfred Wilkins.

Alfred Wilkins formerly of New Castle died at his home in Akron, O., Saturday evening at 8:30 according to word received by friends in this city.

Mr. Wilkins death was the result of pneumonia which developed from an attack of the flu.

While in this city Mr. Wilkins was asociated with the New Castle Dry Goods Co. He is survived by his wife, one brother, Lee Wilkins of Marysville, O., and his parents in Flirida.

Funeral services will be conducted from the home of his brother in Marysville on Wednehday.

Mrs. Jane M. Evans.

Mrs. Jane Morgan Evans, aged 63 years, wife of John J. Evans, one of the best known women of the South Side, passed away at her home, 417 Waldo street, Sunday morning after a long illness.

Mrs. Evans death was the result of complications from which she had been suffering for about a year.

She was born in South Wales, January 25, 1865, coming to this country when a young woman. She had been a resident of New Castle for twenty-eight years. For many years Mrs. Evans had been a faithful and active member of Central Christian church and a teacher in the Bible School.

Besides her husband she leaves four children: Mrs. Stanley Jones, Mrs. Herman Richards, Evan Evans and Thomas J. Evans of this city. She also leaves two sisters, Mrs. Louis Estep of New Castle, and Mrs. John Hanford of Wales.

Funeral services will be held Wednesday, December 19, at 2:30 p. m., from the family residence on Waldo street with Rev. J. B. Porter officiating. Burial in Oak Park cemetery.

Mrs. D. W. Rees.

Word was received here today of the death of Mrs. David W. Rees, wife of David W. Rees of 613 East Reynolds street of this city. Death occurred in the Southwestern Presbyterian Sanitarium in Albuquerque, N. M., where she had gone in September in an effort to regain her health. In the past few weeks it was thought that she was recovering but a hemorrhage at 3 o'clock this morning caused her death.

Before her marriage Mrs. Rees who was Miss Helen Ruth McGaughey was one of the best known school teachers in this city. She was graduated from New Castle high school in the class of 1911 and was the Salutatorian of her class. Following this she was graduated with honors from the Slippery Rock State Normal school. After teaching for a term in the rural schools she entered the city schools and for many years was a teacher in the Mahoning Junior High school. She is survived by her husband David W. Rees, her mother Mrs. John A. McGaughey, one sister Mae E. McGaughey and a brother William W. McGaughey of Akron, O.

Born on January 14, 1893 a daughter of John A. and Elizabeth McCahon McGaughey she was a life long resident of New Castle. Her church affiliation was with the Grace M. E. church and for many years was the organist of that church. She was a musician of much talent and devoted much of her time to music.

Her disposition was an unusual one and those who knew her loved her. Funeral arrangements will be announced later with the obsequies being held from Grace M. E. church.

Paul Sarbo.

Paul Sarbo, aged 68, died Sunday evening about 11:30 o'clock at the Lawrence county home, where he had resided since October 4 of the present year. He had been bedfast most of the time since being at that institution. He is survived by one son, Thomas Sarbo of Vine street. The funeral arrangements will be announced later.

Mrs. Dean's Funeral.

Funeral services for the late Mrs. Harriet Dean took place Saturday afternoon at 2 o'clock at the home on North Mercer street, with her pastor, Rev. George M. Landis, in charge.

There was a profusion of flowers, expressing the silent but eloquent sympathy of friends. Interment was made in the Harlansburg cemetery.

The pallbearers were Edward Dilley, Howard Kildoo, David Richard, George Hettenbaugh, James Johnston and Mr. Nelson.

Mr. Casker Buried.

Funeral services for the late George H. Casker, veteran of the World war, took place Saturday afternoon from the home of William H. Morgan, 514 Waldo street, December 15, at 2 p. m. Rev. Mont Boyd of this city, assisted by Rev. J. L Petrie, pastor of Grace M. E. church, had charge.

Miss Sadie Lewis, Ivor Lewis and Fred Mackenzie sang during the services the hymns "Does Jesus Care?", "Rock of Ages" and "Abide With Me."

The services were largely attended. The casket was banked with many beautiful flowers, expressing esteem.

In Oak Park cemetery, where burial was made, full military honors were accorded by Perry S. Gaston post, American Legion. Pat Dempsey acted as chaplain and the color bearers were N. P. Nelson and Benjamin Penny. The firing squad was composed of F. Knowles, Nicholas Speed and Edward Pritchard.

The honorary pallbearers were Clarence Allshouse, David J. Phillips, John McGowan, Ivor Lewis, George Owens and John L. James. The active pallbearers were Howard E. Richards, Thomas Grey, Herman Richards and James Phillips.

Mr. Pettitt's Funeral.

Funeral services of Nathaniel R. Pettitt of near East Brook were held at the Rich Hill Presbyterian church Sunday morning at 11 o'clock. The services were in charge of Rev. Rohrbaugh. The pallbearers were Jess Pettitt, William Pettitt, David Richeal, Scott Richeal Calvin McConnell and William Allen. Interment was made in Rich Hill cemetery.

Joseph Karski.

Joseph Karski, aged 5 months, the little son of Mr. and Mrs. Joseph Karski, 25 West Miller street, died this morning after a brief illness. He was born August 6, 1928, in this city. He leaves to mourn his loss his parents and two sisters.

Funeral services will be held Tuesday December 18, 1928 at 10 a. m. in Saints Philip and James church with the pastor Rev. V. Stancelewski in charge. Interment will be made in the Madonna cemetery.

ROBT. C. LOVE HURT IN FALL

been somewhat injured, he secured a short ladder kept in the pit put it in place and slowly and painfully pulled himself up the ladder to the first floor.

On arriving at the first floor he laid down on the floor of the vestibule and began calling for help. His cries for assistance were heard in a short time by Jack Gerson, who resides on the third floor.

Determining what had happened, Gerson rushed to the apartment of William Patton, head janitor of the building, and they with John Patton, son of the janitor, rushed to the scene of the accident.

An ambulance was called and on its arrival, Mr. Love was placed in it by the three men and rushed to the Shenango Valley hospital, where the extent of his injuries were determined.

According to Mr. Love, it was but a few minutes from the time the accident occurred until help had arrived as a result of his calls for help.

Deer Kil'ing In Venango County Shows Decrease

(International News Service)

FRANKLIN, Pa., Dec. 17.—"The number of legally killed deer has been greatly exaggerated, not only in this section, but in many other parts of the state," District Game Warden Herbert L. Beatty said today. The kill of doe deer in Venango county, while not officially tabulated, will probably not equal the kill of buck deer for the season a year ago, he indicated.

Frank G. McIntosh, a member of the game commission, ventured the confident belief today that a final tabulation of the doe kill throughout the state will indicate a definite trend toward "evening up" the number of deer. He said that field men of the game commission found the carcasses of 79 dead deer lying in the watershed of the stream from which the city of DuBois gets its drinking water—the deer dying for want of food.

MANY HERE END COLDS QUICK, PLEASANT WAY

Unique Method Doctors Advise for Home Use Gives Almost Instant Relief

Glad that she took her doctor's advice instead of allowing neglect to make her feel more miserable, Mrs. Albert H. Haines now realizes how quickly one can get rid of a cold. For doctors are now advising home use of a pleasant, hospital method that has brought surprisingly quick relief to numbers of people in New Castle and vicinity.

Mrs. Haines had negelcted her cold three days in the hope it would "cure itself." Instead, congestion started spreading so that she called the doctor, who advised double strength doses of Ayer's Pectoral. Relief began almost instantly, she reports. In another hour or so the medication of wild cherry, terpin hydrate, etc., was absorbed by her system, loosening up congestion. By night her temperature was normal, the "achy" feeling was gone and in a day or so there was no trace left of the cold.

Note: Other cases reported daily—all certified by attending physician.

This hospital certified medicine quickly penetrates and heals inflamed linings of the air passages. Absorbed by the system it helps allay congestion and drive out the cold from the nose passages, throat and chest.

Just a few pleasant spoonfuls of Ayer's Cherry Pectoral now and you, too, will feel like a different person tomorrow. At all druggists—60c, and twice as much in $1.00 hospital size.

THE UNFORTUNATE

"THE poor ye always have with you" was a plain statement of fact two thousand years ago. It was also a prophecy. The poor we still have with us and small always have whatever our so-poor we still have with us and shall always have whatever our so-may come to be.

There will always be some who, by reason of long sickness, unanticipated infirmity, some sudden and overwhelming disaster, infidelity of others, youthful improvidence or failure in the world of human endeavor, find themselves in need and must be helped by neighbors, friends or the public.

Longfellow in his account of the simple life of the Acadians does, to be sure, describe an idyllic state where the "richest were the poor and the poor lived in abundance;" but even to those folk among whom there were no neediest or even needy there came a time when

> Friendless, homeless, hopeless they wandered from city to city;
> ——— and many despairing, heart-broken
> Asked of earth but a grave and no longer a friend or a fireside.

So it is always, even in the midst of plenty and of prosperity however extensive. There are ever those in extreme need—" friendless, homeless, hopeless."

And this is the season when the fortunate give a thought to the plight of the unfortunate. This community at Christmas has never forgotten its poor and will not forget them this year. Here Christmas cheer is limited to no class or station in life.

MULTIPLYING WEALTH

BEFORE 1929 abdicates in favor of 1930 life insurance in force in the United States will have reached the staggering volume of $100,000,000,000, according to a survey just prepared. This vast total is eloquent of American forethought for old age and dependence. It also shows that our prosperity is not being entirely consumed in the enjoyment of the so-called material things.

Fifteen years ago the total amount of life insurance in force in the United States was $20,500,000,000, which then appeared to be a tremendous total. Within sixteen years, if present estimates hold, the people will have multiplied their investment in this direction five times.

But this is not the only direction in which the American people are showing their thrift, providence and prosperity.

Savings deposits have risen this year to the staggering total of $28,400,000,000. The increase over 1927 was $2,300,000,000 which bankers say is the greatest gain in savings in any twelve months on record.

The fact that savings deposits increased this year in forty-five of the forty-eight states indicates the most widespread prosperity since the depression of 1920. And the three states showing a decrease may have merely switched their savings into other investments, making it appear on the surface that they had less money to save, whereas they may have had more.

A nation whose savings have increased 169.3 per cent in sixteen years and 113.5 per cent in ten years has little to fear economically.

THE PRICE OF FAME

EUGENE O'NEILL, greatest living American dramatist, has shanghaied himself from Shanghai in quest of peace and solitude.

The dramatist's complaint is that he found as many "snoops and gossips" in China as there are in any New England town of 1,000 inhabitants, and that Shanghai took the attitude that he was "a politician whose life must be public."

O'Neill is not the first to cry out in this fashion. His is the wail of all those who discover the terrible price they must pay for greatness. Having given of their genius to the public, they are tormented by the realization that their very lives no longer belong to them. The joys and comforts of private life are appreciated only by those from whom they have already slipped.

The man who has given to America much of its best modern drama is not eccentric for seeking to escape civilized curiosity. Neither is he, in this particular, like all other public figures. There are others who glory in the publicity, lionizing and "snooping and gossiping."

President Coolidge has left the impression far and wide that he has at least one thing in common with the fleeing playwright. Colonel Lindbergh is another who is obviously annoyed by handshakes, fawning and forced introductions. Like O'Neill, both strike for the jungles whenever the opportunity presents itself.

Pay day is father's day.

It's never too late to spend.

That step to success isn't a sidestep.

It's fine to begin at the bottom if you don't stop there.

However, the laws should not have teeth enough to bite off more than they can chew.

Pity the poor bachelor who frequently lacks an audience when he feels in a humor to brag.

Any good car would last three years if there were no telephone poles along the highway.

Keep out of trouble. It is very disconcerting to learn how few friends you really have.

Ford vs. Rockefeller.
50,000 Kind Indians.
A Worried Queen.
Handicap for Louisiana.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Henry Ford's offhand statement, "no successful boy ever saved money," was not meant literally. He meant that it was better to spend for information than merely to save a few dollars. Thomas A. Edison, his intimate friend, "Never had any money until he got so much that he couldn't spend it."

The other "world richest man," John D. Rockefeller, is surely "a successful boy," and did save money. He advises young and old to save now, as he hands each one a ten-cent piece with a smile worth a good deal of money. Mr. Rockefeller will tell you. "Save money, not chiefly for the money you save, but because saving teaches self-control, and that's the beginning of wisdom."

Ford has high respect for John D. Rockefeller. He said to this writer, "I never saw John D. Rockefeller but once. But when I saw that face I knew what made Standard Oil."

Bolivia still wants to fight Paraguay. Young Bolivians enroll, march and drill. Fifty thousand Quichuas and Amaras Indians offer to fight on Boslivia' frontiers. Deeply touched, the Bolivian government thanks them.

It is hard to realize that not long ago the British were recruiting Indians in Canada, sending them to scalp their Yankee cousins in Northern New York and elsewhere. Times improve.

King George is not able to answer the message of sympathy sent to him by President Coolidge, and a reply sent by Queen Mary through Lord Stamfordham reveals her anxiety. She refers to "the general infection." Doctors know what that means—a poisoned blood stream. And she foresees "weeks of slow, anxious progress before convalescence can be reached."

If the king recovers, he will probably owe his life to the return of his oldest son, and prompt action taken by him. Assuming the responsibility of life or death, it was the Prince of Wales who ordered an operation without which the King's death was inevitable.

Shipping board handicaps New Orleans by a differential of sixty cents per ton on importations of burlap from India. New York harbor gets the benefit of the differential.

Uncle Sam should treat all his children alike. Why handicap Louisiana because the great harbor of New Orleans happens to be some miles west of New York?

Has the Supreme Court of the United States had a chance to pass on that question?

"I'm game—not worrying a bit," said "Red" Moran to Father McCaffrey, walking to the electric chair smoking a cigaret. He played cards with his guard until told to change to a black suit, presumably out of respect for the electric chair. You can't wear it in heaven.

"Red" took the cigaret from his mouth when the death cap was put on his head, and so died.

Moran was mistaken in his statement, "I Am Game." True gameness fights through the battle of life, hard though it may be.

Anybody can show bravado for a moment. To endure life's troubles requires gameness of a higher kind than that possessed by Moran when he killed two policemen and smoked in the death room.

Any gentleman "short" of Radio Corporation or Victor Talking Machine Friday knows the feelings of Dante's Perduta Gente.

Radio went up $42 a share, Victor Talking Machine 19 points. Somebody bought 40,000 shares of the latter at the start. It is not safe to sell short, although it is a temptation some times, with geese buying.

Secretary of Labor Davis would fix the coal problem with a coal trust, limited to 200 operators, cutting down production, giving the country only as much coal as it would buy at a fair price, with laws against trusts modified.

By all means modify laws out of date. But you won't solve the coal problem unless you take care of workers.

What about them? Two hundred mine owners might be restored to prosperity. What about thousands of coal miners that don't know any other trade and would be thrown out of work? It may sound Bolshevistic, but somebody ought to think about them.

Our idea of seeing our money double is to look at it cross-eyed.

There are people who, lay off work at the slightest provocation, especially when they think they will be paid for the time they are off. The boss is often the sickest of the works but he has to work on.

While it is true that a lot of brutal murders are committed, it is also true in most cases the one murdered is an innocent person. If the killings were confined to a lot of anarchists running around spitting out their venom and poison at everybody and everything it wouldn't be so bad.

The chief objection to the modern house is that it has only one decent closet, and it's called a breakfast room.

There are those who do things without being told—they lead. There are those who do things when they are told—they follow. There are those who do things when they are prodded—they lag. There are those who do not do things—they are dead among the living.

Don't worry. Half your troubles may never happen.

Our idea of a sad adventure is crawling under a circus tent and finding oneself in a revivalist meeting.

Why is it that most towns lie about their population?

THE CHICKEN

The secret of your tender breast

The outcome, as I might have guessed,
Was most unfortunate.
For I, when I had laid it bare,
Found nothing but a wishbone there.

When women are suspected of murders these days it has been found that it is hard to identify them by their clothing because all women wear so little it is almost impossible to see enough of it to get an eyeful enough for identification purposes. The way women dress now they almost all look alike.

Education is getting almost as expensive as ignorance.

It has been discovered that the inventor of the lightning rod was also the inventor of the ordinary house broom. We are bettin' that there has been less swindling over the brooms than over the lightning rods and more brooms have been used also.

Nowadays it seems to take a lot more nerve to violate customs than to violate laws.

Hurrah for Santy Claws!

There should be no controversy about sending out notices from the county treasurer's office telling the taxpayers the amount of their taxes. It's a wonder people have stood for what they have stood for so long. Why shouldn't a taxpayer be notified without going to the court house what his taxes are?

Everyone likes a little kindness but Johnny says a little garlick goes a long ways.

Happiness is commonly supposed to consist of one part wealth and one part health, but frequently the former destroys the latter.

Pennsylvania will use a million and a half Christmas trees this year. Seven or eight hundred car loads of trees will be shipped here from Canada. Get those figures. If this thing keeps up there will be no Christmas trees in a few years from now. Wood will also be mighty scarce as no new wood is being grown and the forests are being destroyed. Some will scoff at this. Ask Pinchot.

You can lead a horse to water, but it's often mighty hard to stop him from drinking.

Mr. Ford advises boys not to save their money. That isn't necessary in about 99½ cases out of a hundred.

ONLY SILENCE IS NEUTRAL

Whenever there is a row afoot and you have no desire to take sides, the only way to keep neutral is to keep still.

If you say anything at all, no matter how unbiased it may be, one side or the other will accuse you of siding with its opponent—and frequently both sides will accuse you of unfairness.

Men in a controversy do not think clearly. You seem against them unless you can be as unreasonable as they are. And the only way to avoid brickbats is to keep quiet and watch the fray from a distance.

A lawyer in New York defending a woman for murdering her husband, sticking him with a knife, in spite of the fact that the woman has confessed to killing him, says he can prove it was an accident. Oh wham de doodle wham three times!

SOMETHING TO PASTE ON THE DOOR OF THE KITCHEN CABINET

There are a few simple truths concerning diet that all parents should know.

"Acidosis" is a fashionable disturbance of late; and in an effort to combat it, people avoid acid fruits and berries. That sounds reasonable, but is all wrong. The effect of oranges, strawberries and similar fruits is alkaline, and their use prevents acidosis.

Another thing worth remembering is the effect of fruits on "rheumatism". The joint pains commonly called rheumatism are in many instances nothing more than incipient scurvy. Eat sufficient vegetables and fruits and they disappear.

And there is one more item. Oranges, bananas, apples and berries are delicious to a countryman, but when it comes to providing vitamines A, B and C on which our well-being almost completely depends, nothing else is remotely in a class with the lowly tomato.

A visitor from across the seas, upon reading in the paper that a man had been killed by a revolving crane, remarked, "It's a wonder your government does not exterminate such ferocious birds."

"Women have more imagination than men." Especially sales ladies. It takes a lot of imagination to call a 42-stout "perfectly precious".

One of the very first things that a wise employer ascertains is whether or not the employee lives upon his salary. Suppose the United States government were to apply this theory to its Congressmen?

A CHRISTMAS PRAYER

Grant health to all who sigh for it,
And wealth to all who need.
Give him who dares to try for it
The strength for every deed.

Grant love to those with lack of it,
And peace to all who fret,
May those who seek the knack of it
Skill's mastery quickly get.

Dear Lord, the gifts men need the most
Are those we cannot buy.
The cries which we would heed the most
Are calls which all defy.

Oh Lord, make well and strong again
All suffering men, I pray.
That they may share the song again
And peace of Christmas day.

Timely Warning To Congress Seen In President's Message

Budget Outline Accepted As Meaning That Nation's Books Can Be Kept In Balance Only By Strict Economy

"Our splendid Treasury is not a bottomless, automatically replenishing fountain of fiscal supply" is the sentence accepted by the press as the most significant part of the President's annual budget message.

The figures presented, in the opinion of the NEW YORK SUN, "sould give the free spenders pause," and that paper adds that the showing "points to a balanced budget, but the leeway in an estimated surplus of only $60,000,000 is less than 2 per cent of the national revenue. Congress must walk softly," concludes The Sun.

The necessity for care in appropriations also is emphasized by the PORTLAND OREGON JOURNAL with the statement: "Those who are producing the wealth of the country are constantly asked to give a little more for the support of the government. Governments have their functions. They are constantly thrown into new fields of endeavor. They are constantly forced into new activities. Through the demands of people and conditions the expense continues to mount, but it is mounting faster than necessity requires, and it is becoming a constantly increasing burden on those who are required to pay the bills. And there are too many officials who are reckless with other people's money."

"An analysis of the budget," according to the SCRANTON TIMES, "would seem to indicate that only the closest kind of economy will keep the books balanced to the end of the fiscal year, that the reduction of the national debt will henceforth move along at a slower pace, and that there is little likelihood of further tax reduction for a year or so at least."

"It will be one of the chief tasks of the Hoover administration to continue the intelligently organized policy of balanced budgets and expenditure control which is now in force," advises the BROOKLYN DAILY EAGLE, which, however, finds satisfaction in the present situation: "No country in the world is in so happy a position on finance as the United States. We have had three separate tax reductions since the close of the war and still face the prospect of a continued surplus despite a steady increase in government expenditure. The temptation to more spending will persist."

"Congress will think carefully before inviting a veto or before authorizing new taxes for the production of additional revenue," in the opinion of the CHICAGO DAILY NEWS, which asserts that "enthusiastic advocates of big and costly enterprises have not paid much attention to fiscal facts, but Mr. Coolidge has. His blunt notice to Congress should moderate the excessive zeal of the complacent and busy spendthrifts of that body." The News adds: "Proposals entailing large new expenditures clearly must go over, to be dealt with by the new Congress and the new administration in the light of the Federal Treasury's condition and prospects in the next fiscal year."

"The budget shows conclusively," it is pointed out by the PROVIDENCE BULLETIN, "that the upward trend in national expenditures, which was sharply marked in 1927-28 for the first time since the World War, has not yet been arrested. ****Appropriations of Congress to date, taken in conjunction with the President's warning that he will not tolerate unnecessary supplementary appropriations this winter, suggest that the 1929 disbursements will not greatly exceed this year's figures. The 1930 estimated expenditures, however, as revealed in the budget message, will bring a new record outlay since 1923 of $3,672,000,000, despite a saving of $35,000,000 in interest charges on the public debt."

"A balanced budget is the only policy which protects against increase in Federal taxation and contains a promise of further tax reduction," asserts the DETROIT FREE PRESS. "We can think of only one condition where expenditure is of more im- and that is where it is necessary to the security or ultimate prosperity of the nation. For example, neither cruiser building nor farm relief ought to suffer under any circumstances."

On this same phase of the matter, the CLEVELAND PLAIN DEALER raised the question: "If the millions of dollars necessary to any effective program of agricultural relief are set aside, and if the new cruiser construction program is taken up in earnest, to say nothing of other fields of expenditures where increases will be sought, it will be difficult to live up to the commitment made by President Coolidge that 'the only revision of our tax laws which will be considered is revision downward.'"

"Mr. Coolidge wisely urges," says the NEWARK EVENING NEWS, "that the Congress apply to further debt reduction the $406,000,000 which will become available next August if France then pays her bill for surplus war material bought from us in France after the Armistice. Should the French war debt arrangement be ratified before then, the sum will go into the greater item, to be paid over 62 years at lower interest rates. If not, it is too much idle money to be placed within the grasp of a Congress forced upon short appropriations rations."

The prospects in this direction are discussed by the HARTFORD COURANT with the statement: "French officials have been giving consideration to the problem created by the maturity of these obligations; many of them believe that it would be better for France to ratify the agreement and begin paying the installments called for rather than to make this huge expenditure next year. The budget message should stimulate French minds to tackle this problem squarely."

A plea for "greater simplicity in presenting the budget to the public" is made by the RICHMOND NEWS LEADER, which declares that "if it is to be a document about which the average taxpayer is to know anything, it must be accompanied every year by an A-B-C explanation of its scope and contents."

The greatest freedom in the world is the freedom to think and say as you really chose. Freedom of the real sort doesn't mean freedom from work or worry or effort or long hours or rough, hard roads. The World AND THE Mud Puddles

NO PLACE FOR TOLL BRIDGES

"There is no place on the public highway today for the privately-owned toll bridge," Thomas H. MacDonald, Chief of the Bureau of Public Roads, declared to members of the American Association of State Highway officials at their recent annual meeting.

A full investigation of the toll-bridge situation is needed, he believes, as a basis for remedial legislation, to safeguard the public in their use of the roads and to protect the public which invests in securities. "It is a field from which the 'shoestring' promoter should be excluded and," said Mr. MacDonald, "he will be, if a thorough investigation is made."

"The public can finance and build at lower costs, and the largest bridge unfinanced, on the basis of their earnings. Two methods are being undertaken in the country today and being used. First, the municipal bond issues to be retired from earnings; and second, revenue bonds issued against the earnings, but not a municipal obligation in the sense of adding to the constitutional indebtedness."

Basically all bridges on the main highways have become valuable property because of the construction of highways, Mr. MacDonald explained. The bridges are only a part of such highways and should be legally treated as such, he believes.

"Private toll bridge interests are attempting to defeat legislation unfavorable to themselves and are obstructing the efforts of highway departments to carry on State projects," he continued. "Since highway transportation has grown to its present dimensions, the possibilities of rich fields to exploit have been greatly multiplied and extended. Coincident with the finding of new uses or the more complete adaptation of this form of transport, come new proposals for interfering with the freedom of the road to fill a private purse."

Let the Roads be free.

Stockman Granted Leave Of Absence

Assistant Fire Chief Wishes To Regain His Health

H. Claire Stockman, assistant chief of the fire department today was given councilmanic permission to leave the service for two or three months. He will not draw salary.

Stockman has been ill for some time and in a request today told council that he believed that a leave of absence from the fire department may result beneficially.

He has suffered from a nervous complaint.

Councilman Davies said that as yet he did not know who would substitute for Stockman during his absence.

Ministers Discuss Evangelistic Work

Twenty-Five Attend Ministerial Association Meeting At Y This Morning

Twenty-five ministers of New Castle attended the weekly meeting of the local Ministerial association which took place shortly before noon today at the New Castle Y. M. C. A.

The opening devotionals were led by Rev. S. Whilding after which visitation evangelism was the business discussed by the ministers. Various committees also made their reports. The Rev. L. E. Ripley who spoke Sunday afternoon in the Presbyterian church made a few remarks on the religious survey which he will conduct in New Castle prior to the Kernahan campaign which will start with the new year.

Rev. Dr. H. H. Marlin of East Brook made the chief address of the morning speaking on "Winning Men." The association also placed itself on record as being in favor of the picture play "The Little Shepherd of Kingdom Come" which along with "The Discovery of the Flag" will be presented at the Penn theater Saturday morning. The hostesses will be the members of the New Castle Women's club and the ushers will either be Girl or Boy Scouts. Admission will be nominal.

Harry Wolfe Is Found Not Guilty

Jury in the case of Harry Wolfe on trial in court on a charge of receiving stolen goods reurned a verdict of not guilty. The case went to the jury at 3 o'clock Saturday afternoon. JOHN BROWN.

Motoring in West Virginia not long ago the writer found a little tablet in a village on which were these words "On this site December 2, 1859 John Brown was executed."

Brown was a fanatic. He was a zealous anti-slavery man without any conception of a practical way to bring an end to slavery. He tried to organize a negro revolution. It failed. Brown was arrested at Harpers Ferry taken to Charlestown, W. Va., tried in the old court house which is still used today and hanged. Brown was an idealist. So was Lincoln but Lincoln had something that no idealist can afford to be without. Lincoln had common sense.

LAUGHING AT CLAUDE.

People laughed at Claude, the French inventor when he said he could build a power plant that would be operated by power taken from sea water. Now he calmly informs a group of scientists that he will build near Havana a 12-000 kilowatt power plant that will use neither the energy of coal nor falling water. It will extract its energy from the sea and will compete with the cheapest hydro-electric power stations. His invention he says is capable of completely transforming living conditions in the tropics.

There is a difference in temperature between ocean water at the surface and at the bottom of 35 or 40 degrees. This difference he says is as valuable for power purposes as water falling 300 feet. That means a great power.

It is not safe to laugh at anybody in these quick-changing days.

ANTI-WAR TREATY BATTLE STARTS IN U. S. SENATE TODAY

(Continued From Page One)

of any entangling alliance in any other treaty.

Watch Senate Closely.

Sponsors of the "big navy" bill, which would authorize construction of 15 new fast cruisers and an airplane carrier, were keeping an eye on the senate's activity, as their bill ranks first on the legislative program following enactment of the pending Hawes anti-convict labor bill. The navy forces expect debate to start on their measure by the middle of the week and hope for its enactment before the Christmas recess.

The navy measure, however, faces still opposition, not only from the pacifist group but from those senators who oppose heavy expenditures on the navy. The latter group have demanded that the administration build a huge air force and provide a heavy increase in submarines as an alternative for the increase in fighting ships

Their opposition to the cruiser program may block a vote until the new year at least if they fail to force modification of the measure.

Hope For Decision.

The treaty fight will continue in the foreign relations committee room until that body reaches a decision. All indications point to approval of the treaty by the committee but a minority, led by Senator Moses (R) of New Hampshire and Reed (D) of Missouri, will carry their fight to the floor of the senate with their "resolution of explanation." The chances for adoption of the resolution appeared light as ranking Democrats have indicated they will follow the administration's lead.

The whole treaty now revolved around interpretations placed upon ahticle two of the treaty. This reads: "The high contracting patries agree that the settlement or solution of all disputes or conflicts of whatever nature or whatever origin they may be, which may arise among them, shall never be sought except by pacific means.

The administration argued that the "treaty speaks for itself" and declared it contained no "hidden implications." Its supporters demanded ratification without reservation or explanations to save America from embarrassment and ridicule abroad.

The "irreconcilables", however, argued that if the treaty contained no implications, it was a "mere scrap of paper, utterly worthless." They maintained that American interests should be protected and that it would harm no other nation, if the United States publicly proclaimed its own terms of ratification.

MICHIGAN WOMAN SEEKS TO ESCAPE LIFE IN PRISON

(Continued From Page One)

police files. Miller is now serving his third prison term in the state penitentiary at Jackson.

"Local option was the ruination of Cordy," his wife said in the county jail at Mason today. "When Inghan county went dry before the war he turned bootlegger. Twice when they nearly caught him he turned stool pigeon for the police, put the blame on me and I served time for him. Once he gave me some money and sent me for liquor and I was arrested. Another time he was mad because I wouldn't let him in my house—the house I built with my own hands. He brought thirteen cops to break in and find a suitcase of whisky he brought from Detroit himself."

"Yes, and I've husked corn and worked like a man in the hayfield," the angular, wiry woman said. "I can pitch or load as much hay as any man. I was topping beets in the field when they came and arrested me."

Has Ten Children

The wheezy cottage organ which is the chief ornament of the home Mrs. Miller may never see again was acquired for $5 which she "worked out" on a farm near here.

"I got it for the girls to play," she explained.

Mrs. Miller has given birth to ten children, four of whom are not living.

Sentence will not be pronounced on Mrs. Miller until the prosecuting attorney, Barnard Pierce, has filed an information concerning Mrs. Miller's three previous convictions on sale or possession of liquor. The prosecutor has deferred filing until Mrs. Miller's counsel, state senator Seymour H. Person, decides whether to appeal the fourth conviction.

Senator Person, a member of the legislature which adopted the new code, will fight in the session which opens January 2 for amendment of the statute designating prohibition offenses as felonies.

Post Office Hard Hit By Illness

Two clerks of the New Castle postoffice and one additional rural carrier were added to the sick roster of postal employes here today. Twelve letter carriers, nine city and three rural and two clerks are now confined to their homes because of the flu.

Postmaster Edwin W. Crawford stated today that fully one fourth of the carriers working out of the office here are now off duty to the slight epidemic that is prevalent.

The additional carrier reported sick today is Charles McCandless of East New Castle whose route is R. F. D. No. 6. Clare Roberts of Oak street, and James M. Houk of Shenango township were the two clerks off duty.

One or two additional clerks were placed into service today in the absence of the regulars. Substitutes are serving for all regular rural carriers who are ill today while the city letter carrier force is doubling up somewhat in order to care for the mail addressed to routes of city carriers who are sick.

The city health department today stated there are approximately 13 cases of contagious illness in various parts of the city. Flu cases are not severe and therefore are not reported.

Hold Man Following Lutton Street Crash

Matthew Mush, 18 East Division street, today was arrested on suspicion following an auto accident in Lutton street last night. He is held at police station.

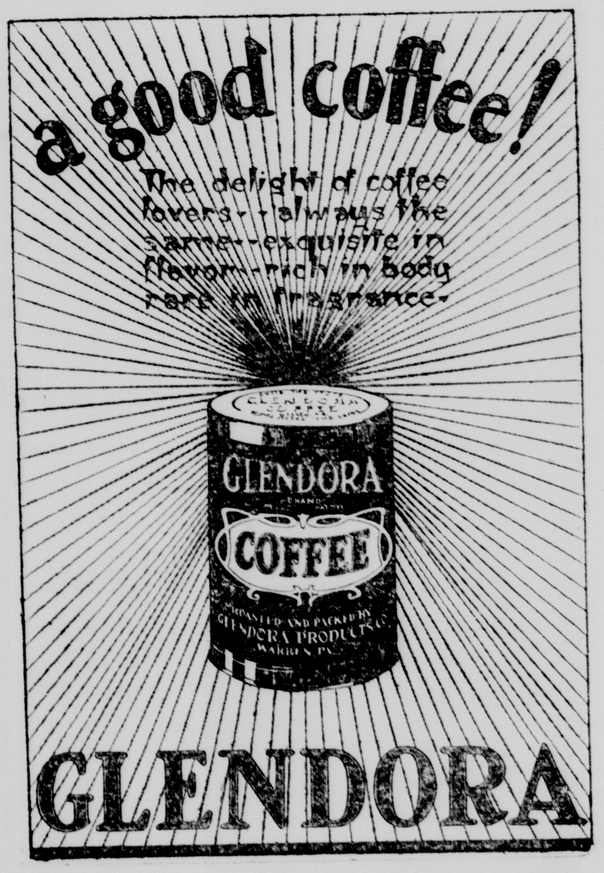

A report to police said that his automobile had crashed with a machine operated by Frank Pike, Milwaukee.

The report said he disappeared. Today Mush denied this and said he offered to pay for the damage but the Milwaukeean wanted damages he considered excessive.

Police had heard Mush had been drinking and they desired to investigate the report. Mush denies having indulged in intoxicants.

Detectives Watch For Shoplifters

Police And Store Merchants Hope To Keep Stealing Down

Chief of Police C. C. Horner today stated that merchants of New Castle and members of the police department are cooperating to keep shoplifting at a minimum here this year and in summing up his experience with kleptomaniacs the police chief says that there are more women shoplifters than men.

According to the police, most of the larger stores in the city have their own store detectives. In some stores men are used and in others women. In many stores cerks are assigned to watch any person whom they might suspect of being a kleptomaniac.

"There have been one or two cases already but they have been kept quiet," said the chief today. "The police department in these cases had no part. The persons were caught by store detectives.

"During the day we have had plainclothes people meander through the stores while some women also are being used by the merchants to keep down stealing.

"Unless the person is a skilful shoplifter he or she would not recognize the casual 'shopper' as being a detective and this is one reason why shoplifting is nipped in the bud.

"Generally there are more women than men shoplifters. Sometimes they do it because they want to steal but being punished doesn't provide them with a thrill."

Thieves Abandon Stolen Chickens

Late Saturday night or early Sunda morning a bag containing five chickens was tossed behind a barn, rear of the residence of Joe Travers, 211 Florence avenue.

Travers found the chickens Sunday morning. He called police and Tommy Lynch hauled the fowls to the police station.

Two of the five were almost smothered but after removing them from the bag they soon rounded into form.

AHEM! NEW KIND OF BEVERAGE DISCOVERED

Police today state that they have found a new beverage which has a tendency to make a man talk thick, walk in a staggering manner and in general gives the imbibant an intoxicated feeling.

They made the discovery when Barney Curry, Akron, alleged to be drunk asked for a night's lodging at police station.

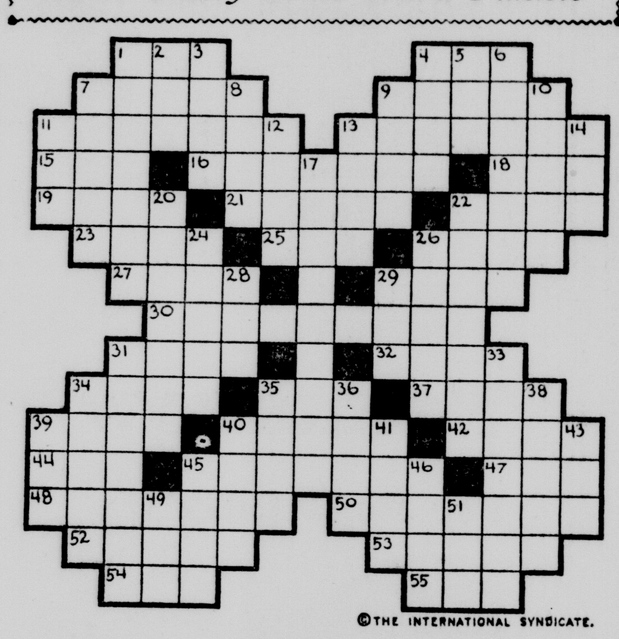

Police looked him over and said "Yes, sure glad to accommodate you. A cell is waiting to receive you."

In went Barney.

He came out yesterday before the bar of justice. His honor, Mayor Gillespie, discharged him.

Police state that he had on his person a bottle which had contained a beverage which they said had intoxicated him. It was of the patent medicine brand but it sure had a "kick" according to the way Curry appeared.

Women's Civic Club Meets In Grove City

Entertaining Session At Hotel; Other News Of Grove City

GROVE CITY, Dec. 17.—The meeting of the Women's Civic Club was well attended in the Penn Grove Hotel Friday afternoon and a most entertaining meeting was held. The meetwas opened with the state song "Pennsylvania" after which they were led in prayer by Mrs. J. C. Campbell.

Mr. H. H. Harmon, chairman of the Community Service Committee, made the 1928 report of th playground association which proved interesting.

Two new members were received into the club at the meeting, they were Mrs. Jack Gill and Mrs. George Craft.

As per request from the state Federation of clubs the club yesterday endorsed the Multi-Lateral Treatry and a letter was sent to Senator David A. Reed of this state.

The executive committee informed the that thronugh an arrangement of Sam Conner, former local man, who is now a business manager of a company in that city playing ony Shakespearean plays it is possible to bring the members of this company to Grove City for two days.

The music for the program was provided by the Arts Society and they presented parts of a cantata "Bethlehem." Solo parts were sung by Mrs. Arthur White and Mrs. George Dale. The chorus was composed of Mrs. F. P. Smith, Mrs. O. O. Basline, Mrs. H. B. Henderson, Mrs. T. M. McMasters, Mrs. R. C. Gregory, Mrs. C. C. Kennedy and Mrs. Charlotte McConnell. Miss Elizabeth McKay presided at the piano.

Following this part of the program a playlet entitled "The Young Idea" was presented by Miss Charlotte Clelland and Mis Edna Cookson, students of Grove City College in the department of public speaking, with Sara Williamson at the piano. This was greatly enjoyed.

Mrs. Homer Anderson will be hostess on Monday afternoon to the member of the Literary Club in her home in East Main street. Mrs. W. D. Mercer will discuss "Christmas in Song," Mrs. G. J. Bridges, "Christmas in Picture." The guests will also enjoy a musical number. Tea will be served by Mrs. Lorena Montgomery, Mrs. John A. Dugan and Mrs. E. F. Robinson.

Mrs. Scott Cummings, West Main street, will entertain the members of the Sorosis Club in her home on next Tuesday evening. The affair will be the annual Christmas party and exchange of gifts for the club. Following a social evening, lunch will be served by the hostess.

The O. N. Club wwill postpone its meeting and dinner at the home of Mrs. Lillie Adams on account of death in the home of one of its members.

John Guthrie, Dr. W. F. Rossman H. Von Ende, M. W. Graham and C. W. Campbell are representing Grove City at the cermonial of the Syria Shrine in Pittsburgh.

Spanish Veterans Christmas Party

Will Be An Event Of Tuesday Evening At The Legion Home

Annual Christmas party for the Spanish American War Veterans, their wives and families will be an event of Tuesday evening at the Legion Home under the auspices of Daniel Leasure Camp, United Spanish American War Veterans and its auxiliary.

The plans for the affair have all been completed and the Christmas tree is in place and decorated for the occasion.

The affair starts with a tureen diner at 6:30 p. m. Each lady will bring a tureen dish or fruit and a small gift for the exchange of gifts to take place.

An entertainment in keeping with the occasion will also be presented.

Charges Wilson With Felonious Cutting

Williams Signs Information But Is Still In New Castle Hospital

Sam Wilson, arrested by city police for wielding a knife on "Cryp" Williams, both colored, has been charged with felonious cutting in an information sworn to by Williams. He is held in the county jail.

Wilson told police when arrested that they had played in a card game, argued and while Wilson was arguing he was also cutting his finger nails with a penknife.

Williams is alleged by Wilson to have made a grab and in the scuffle the knife that was alleged to be used for cutting finger nails somehow cut a gash beneath Williams heart.

The information was signed by Williams while he lay on a New Castle hospital bed. The information was made before Alderman Cooper who visited the institution.

Mahoning Township Farmer Discusses Present Plight Of Insect Eating Birds

Arthur Wright of Mahoning township, who is greatly interested in Pennsylvania wild life, submits the following facts on the vanishing insect eating birds of the state.

Mr. Wright will write three articles on the subject.

The following is a disccurse on "pheasants and quail."

The subject, "Vanishing Insect Eating Birds," is of more importance to the rural population especially, than many people realize. I thing that I can safely promise that if the native insect eating birds were as numerous as they could and should be, or even as they were 50 years ago, farms would produce more and better crops. In fact, enough to pay the school tax, which is no small thing, here in Mahoning township at least.

The native pheasant is practically extinct as far as Lawrence county is concerned, and the quail is rapidly becoming so. I doubt if a native pheasant could be found in Lawrence county. A year ago last spring I saw one in an extensive and dense wood in Clarion county, the first I have seen in years. In talking with an old hunter I remarked that the native pheasants were becoming very scarce. "Yes," he said, "the last one I have seen for years I shot in the woods. I suppose that there are persons who would think it an honor to have killed the last member of a useful species of birds in a community, but I am not one of them."

While not so important to the farmers as an insect destroyer as the quail, I hate to see them join the ranks of the Do-do birds. Forty and fifty years ago they were quite common and in woodlands on the lower reached of Coffee Run, I have heard as many as four males at a time sounding the peculiar drumming love note. It was my good fortune to observe one in the act of sounding it. While sitting perfectly still watching ground robins merrily working the leaves over in search of food a cock pheasant hopped on a log near by within my line of vision, so I could watch it without moving. By a rapid motion of its wings and feathers that peculiar drumming note was produced and not by pounding with its wings on a hollow log, as we boys believe. He would sound the note and then cock his head to one side in a comical way, listening for a response from some love lorn Miss Pheasant—then sound it again—until a mosquito commenced to drill into me and I just had to move. Later in the summer it was common thing to run into a hen with her brood of from 12 to 15 small pheasants. She would promptly break a leg or wing or both and flounder along a few feet in advance of the boy, intent on catching her, until she had led him far enough away. Then she would go fast enough to discourage him and when the boy had gone back to look for the small ones, they had completely vanished. But when the dicouraged and outwitted boy had gone on to the next good fishing hole, the ten would appear with good wings and good legs, give a reassuring cluck or two and her brood would leave their hiding places and would go on their way in search of insects.

While pheasants are not as valuable to farmers as quail, it would be nice to have them in our woods again to that our boys and girls could enjoy what we have enjoyed.

Shot guns are not entirely responsible for their passing. Ruthless and presistent hunting made them so scarce that in breeding a foe to all wild life weakened them until they could notwithstand the rigors of the winter season, and hard winters did the rest.

Right here I want to emphasize the fact that all wild life and especially birds are strongest and most vigorous when and where they are the most numerous. They thrive best, like humans, when they are hustling for a living.

It would be a great pleasure for me to see pheasants re-established in their old haunts. But to do so quickly and successfully, I believe that it would be necessary to exchange males from one section to another for some time.

When I think of the way that quail have been slaughtered then protected, and then slaughtered again, it is hard for me to write about it in a temperate and calm manner. While right across the state line they are a song bird, as they should be, every farm has lots of them. The farmers of Ohio benefit many millions of dollars by the birds, and it is a shame that we allow the Wild Life League to dictate to us that quail shall remain a game bird. It cannot be said that they have ever done anyone or anything harm. In winter they will not even eat the wheat which has been provided for them when they can get ragweed seed. I have seen but one covey where I should have seen eight or ten, and I owe that one to being near the state line. I doubt if there is one to every six farms east of me. All we need is the right to protect what grows on our own farms, but perhaps we will have to get used to paying taxes on game preserves for others.

My next article will deal with the plight of the Barn Swallows, and the stupid and costly blunder farmers make when they shut them out of their barns.

Takes One Man To Care For Each Half Mile Of Improved Highway

There are approximately 100 miles of hard surfaced road in Lawrence county, states H. W. Lightener, maintenance superintendent of the state highway department for this district. One man is needed to care for each half-mile of improved highway.

At the present time, there are some 50 men in all working on these county hard surfaced roads. Some 30 laborers work full time repairing the fences, refilling burms, cleaning culverts and the scores of other minor details in the repair of improved roads.

Other members of the highway staff consist of truck drivers, machinists and special workers who have charge of the machinery of the department.

H. W. Lightner, local maintenance superintendent is also head of Mercer county, it being included in this district.

Christmas Seals Get Heavy Response

Girl Scouts Will Again Sell Seals In Stores And Banks Saturday

About 3,500 responses to the some 6,000 sheets of Christmas seals which were sent out by the Lawrence County Tuberculosis society recently have been received at the headquarters of the society at 8½ East street it is announced this morning.

Officials of the society request everyone who has received Christmas seals through the mail either to buy them or to return them to the headquarters of the society as soon as possible so that a complete check on the sale of the seals can be made.

Saturday the Girl Scouts of New Castle will again sell Christmas seals in the down town stores and banks of New Castle so that those who did not get seals through the mails or who do not have enough for their Christmas mailings can secure additional seals.

Highland Troop Wins In Outdoor Cooking Contest

Nine Scout Teams Gather At Whaley Vale Saturday For Contest

Nine Boy Scout troop teams attended the outdoor cooking contest between all troops of the county on Saturday at Whaley Vale. The meet was won by Highland troop 18. Jack Stevenson is leader of the troop. Other members in the troop's outdoor cooking team were Howard Gates and Thomas Trodden.

The contest took place in a drizzling rain but the scouts manned the weather and with the different teams doing different jobs, a meal was prepared and cooked.

Teams which were entered in the contest were Rotary 2, Ellwood Legion, Ellwood 1, Ellwood 11, Elks 5, Highland 18, Ellwood Kiwanis and two teams from the New Wilmington scout troop.

The outdoor cooking contest is an annual affair and marked the beginning of the winter activities for the county scouts.

Revoke 143 Auto Licenses In State

Record Number Of Drivers Forfeit Licenses; Drivers In Fatal Accidents Figure

(International News Service)

HARRISBURG, Dec. 17.—Revocation of automobile drivers' licenses for various infractions of the vehicle code is continuing at record rates, the department of highways announced today. Duirng the week ending December 13 the licenses of 143 drivers were revoked.

The list issued today by the department included those of 16 persons who had been involved in fatal accidents. Although there have been scattered revocations on that charge the list today showed the first general action.

Revocations on that charge follow: Thomas Herb, Bechtelsville; J. Donald Hamm, Hanover; Walter C. Gaenzle, Altoona; Raymond Caler, New Sheffield; James L. Stump, Tarentum; Michael Powers, Braddock; Nicholas Lipp, Mahanoy City; Cahl F. Koenig, Erie; William J. Thompson, Pittston; Malcolm Ireland, Allentown; Walter Drake, Burnham; C. E. Souser, West Sunbury; George W. Kendall, Williamsport; Hugh S. Fredericks, Flemington; J. Rooney and Harry A. Fraley, Philadelphia.

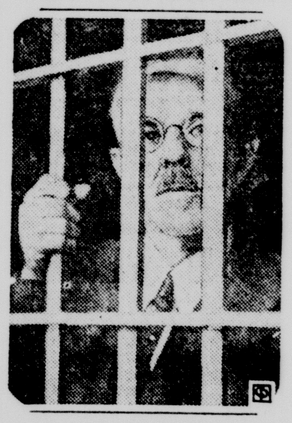

There were 48 revocations for intoxication and six for transporting liquor. Revocations on the former charge included Harry Reynolds, Punxsutawney; H. C. Mattimore and Adam J. Pruchniewski, both of Erie; Harold McAndrew and Everett Jones, both of Scranton; I. W. Pottorff, Hanover; Claude E. Root, Bradford; T. J. Cease, Wilkes-Barre, and Benjamin Ford, Chambersburg.

Twenty-three licenses were revoked for larceny, 17 of them being from Philadelphia. Reckless driving caused 21 revocations.

The license of Susan Butler, Philadelphia, was revoked for failure to file an accident report.

Louis Niedziecki, Erie, lost his license on a charge of transporting liquor; Mae Biglin, Scranton, for reckless driving and Andrew Wright, Norristown, for loaning his operator's license.

Fred Alley Case Is Concluded

Goes To Jury About Noon—Alley Not Called To Testify

Fred Alley's fate is with the jury, the charge being that he took a minor child for immoral purposes. The case opened before Judge Chambers on Saturday but through arguments did not advance far.

It was resumed this morning and just before noon went to the jury. Alley was not called in his own defense, neither side wasting much time in the calling of witnesses.

Constable L. G. Thompson and Constable John Miller were called, also Nellie Alley, Mrs. Maslyk and Jake Elias. Their testimony was brief.

When the case resumed Saturday afternoon before Judge James A. Chambers, it was featured by the constant battle between opposing counsel on various points. Mrs. Maslyk, mother of the girl, completed her testimony in a short time. Joseph Maslyk, the father, then testified concerning her disappearance from home and about finding her at Alley's home.

The prosecution then proposed the placing of the girl on the stand and the defense at once contended that she was not competent for several reasons, among them being the fact that she is married to Fred Alley.

After considerable argument, the court ruled that her testimony was competent in part at least and permitted her to be placed on the stand. During her entire stay on the stand, in which she told of leaving her home, staying at the Alley home, then going to Canonsburg to a relative of Fred Alley's. From there, she testified, they went to Steubenville, O., where they were married.

She insisted that nothing wrong had occurred previous to their marriage. When she had completed her testimony, it was 4 o'clock, and owing to the fact that numerous witnesses of both the prosecution and defense had yet to be heard, Judge Chambers adjourned court until Monday morning at 9 o'clock.

Evangelist Nears Campaign's Close

Will Conduct Services In Youngstown, Ohio, Starting January 20

SIN IS THEME OF SUNDAY'S SERMON

Almost 150 people from New Castle have already promised to be in attendance when Evangelist C. H. Erickson opens a series of meetings at the Growers' Market, Ohio street, Youngstown, Sunday evening, January 20, the evangelist announced at the beginning of his service Sunday evening.

The trip to Youngstown will be made on the evening of the opening day. Two special street cars will take the local people to Youngstown for the opening of the campaign and bring them back to New Castle again.

As they have been called to a different field, the Alliance Colored Quintette will not accompany the evangelist to Youngstown, but, on closing here in New Castle Tuesday evening, December 18, they will go to Chicago, where they will furnish music for a series of meetings.

To Tell Life Story

Only two more evenings of evangelistic services at Everybody's Tabernacle, at the corner of South Mill and Friendship streets, remain for the people of New Castle, the evangelist stated. This evening at the tabernacle Mr. Erickson promises to tell an intimate story of his life, and Tuesday evening, the night of the close of the campaign, no definite program has been arranged. However, the evangelist promises that it will be one of the biggest nights of the campaign and urges everyone who has ever attended one of his meetings in New Castle to come to the final session.

Mr. Erickson also asks every man who is interested in the work to come Tuesday evening armed with hatchets, crow bars and picks so that the tabernacle can be torn down in the least possible time. He would like to have a few saw horses so that the lumber can be taken apart with the greatest ease.

Mayor to Attend

In fact, Tuesday evening is going to be the greatest night of the whole 13 weeks of the campaign in New Castle. Mayor William H. Gillespie, and several other city and county officials have promised to be in attendance, states Mr. Erickson.

Because of the prevalence of sickness, the usual Sunday evening crowd was not present at the tabernacle Sunday evening, but however, the building was comfortably filled with people who had come to hear Mr. Erickson preach what is his last evangelistic service in New Castle.

Preaches on Sin

"I do not know if we will ever be in New Castle again," declared Mr. Erickson. "Our meetings in one place last a long time, and the United States comprises a lot of territory. Then, we have but few meetings each year. But I know this: I know that we will meet you all again and we will pray with you all again."

Sin and the Modern World was the theme of Sunday evening's sermon.

"There are sins, and there are sins unto death," commented Mr. Erickson. "Many people have asked me what the sin unto death is. That is a difficult question to answer. Perhaps it is the sin against the Holy Ghost. And again, many people have asked me what the sin against the Holy Ghost is. My answer is that it is rejecting Christ and putting off God.

"Any sin is a dangerous sin. There are multitudes of sins, and we do not know in which one the poison lies. Hundreds of people have sinned so long that they have sinned unto death. Some of those people are here in New Castle: some of those people who have rejected Christ and put off God.

13 Week Campaign

"We have been in New Castle for 13 weeks. During that time I have seen many moved by the spirit. I have seen them come to the altar with tears streaming down their faces. But now, as I look at them here in the meetings, those same faces which were once wet with tears have on them a strange and hardened look. Again they have rejected Christ. Again they have let the devil creep into their souls. And by doing that, they have sinned unto death.

"Somehow they have forgotten that a loving and a kind God can also be a wrathful God. They have forgotten that the loving God and the kind God hates sin. He is the same God who so lovingly made the universe, but I for one, would not like to fall into his hands when he is wrathful. 'Seek the Lord while He may be found; call on Him while He is near.' God has been in New Castle for 13 weeks. Yet many have not called on Him when he could be found."

Mr. Erickson further explained that many people treat God the worse because His arms are always open to repentant sinners. But God cannot be the same all of the time, he professed. People who need Him should remember to call on Him in times of peace as well as in times of trouble.

Answer Call

"Are you going to be saved?" he concluded. "Are you going to be saved tonight at the last preaching services of the campaign. Are you going to give God a chance? Let Christ save you and let Him wash away your sins. Then you can go away from the meeting happy."

At the close of the sermon, over 25 people answered the altar call and announced Christ as their personal saviour.

Tonight a love offering will be received for the evangelist and his wife.

RURAL AUTOMOBILIST REPORTS TO POLICE

Charles French, New Castle R. D. 2, has reported to police here that while driving east on West State street near Grant another car was operated on a left turn into Holton street and this caused French to hit the other car's fenders. He blames the other automobilist for the accident. He could not get the number, he reported.

Card Sharks Abandon Rail Train Games

Rarely Does One Hear Of Passengers Being Trimmed In Cards

There once was a time when the smoking car of a railroad train was little more than a "card room." Games could be seen wherever one gazed and in some games "stakes were high." Many passengers lost their money and found the "gentleman" leaving the train at the next stop. Railroad police ended this.

It is nothing unusual nowadays to see a quiet little game going on in a railroad car but it is unusual to see a professional gambler as a participant.

During the last dozen years there has been a tendency of co-operation between railroad detectives and as a rule when a known professional gamester boards a train he is watched.

The railroad detective is not one iota interested in what the man does before he gets on railroad property or what he does after he leaves railroad property.

Their duty is to protect patrons on and off property. As a result the gentry who can pull any card from a deck at any time they want is missing and only quiet games occur on trains.

Find Male Autoists Worse Than Women

Feminine Drivers Caused Only 199 Accidents Of 3401 In State

The female of the species may be more deadly than the male in many respects, but not when it comes to driving automobiles. This is clearly proved by statistics issued by the State Highway Department at Harrisburg, showing that out of 3401 drivers involved in accidents last month only 199 were women or girls. Of the total of 112 faltalities during the same period only five feminine drivers were responsible.

Of a total of 1141 motor vehicle accidents throughout the State, more than 50 per cent occurred in Philadelphia, where more than 300 persons were injured and twenty-seven were killed.

State officials say that in addition to being more careful in handling motor cars than men there is seldom reported a "hit-and-run" case where a woman is the offender.

Adopts Alley As Place To Sleep

Motorcycle Policeman Prevents Auto From Running Over Intoxicated Man

Motorcycle Policeman Criswell says there is one perrson he knows who doesn't care where he sleeps, in a bed or on bricks in an alley. In fact Criswell says the man he refers to chanced death for a berth in the arms of Morpheus.

Late Saturday night he rode through Apple alley. An auto was coming in an opposite direction.

Criswell espied a form lying in the alley.

He gave his moter steed the "gas" shot forward and drove the other motod car to the side of the alley.

The man was not run over due to Criswell's act.

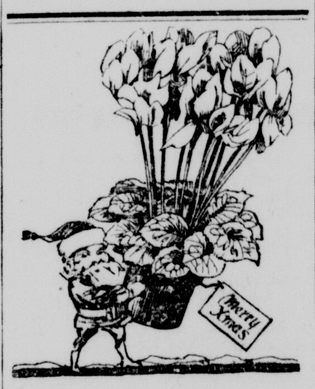

Criswell sent the "sleeper" to the city jail. He was discharged today. The man's name is deleted.

He promised not to get drunk and sleep in an alley again.

CITY WILL HAVE TO EMPLOY INSPECTOR

When members of council convene to compile the budget for 1929, one of the appropriations they will have to arrange for will be to pay the salary of an inspector of building. When the building code was arranged it contained a clause calling for the appointment of an ispector. The salary was not set but various sums, up to $4,000 has been mentioned as a probable wage.

Must be a new concoction being sold here according to police reports as two men who had imbibed of beverage other than water, fell over in a deep sleep late Saturday night to awaken in police station. Police believe the sporific is being sold under the guise of "holiday booze." One man was found in the rear of West Long avenue and the other in Apple Alley.

Orville And Wilbur Wright Are Honored For Aviation Work

Posthumous Award Made To Late Wilbur Wright; Brothers Were First Fliers

Kitty Hawk North Carolina Was Scene Of First Sustained Lighter-Than-Air Craft

(International News Service)

KITTY HAWK, N. C., Dec. 17.—A quiet, silvery-haired man, who with his brother taught the world to fly, returned today to the isolated scenes of his first aerial experiments to receive the plaudits of the aviation world.

He was Orville Wright, brother of Wilbur. Back in 1903, the two pioneers experimented on these lonely shores with mechanical wings, and made the first sustained flights in a heavier-than-air craft.

And today representatives of practically every nation on earth, together with high public officials and modern-day aviation heroes, came to this picturesque coast country to pay tribute to the two brothers.

Atop Kill Devil hill rests the cornerstone of the government memorial dedicated to the memory of the Wrights. It is on the very spot where they coasted down the dunes in their first glider.

Another memorial—a seven-ton slab of Carolina grey granite—was placed on the spot from which the first epochal take-off was made on December 17, 1903. The two memorials are to be dedicated today.

Heading the pilgrimage to "the shrine of the air" today were Secretary of War Dwight F. Davis, Assistant Secretary of War F. Trubee Davison, Senator Hiram Bingham (R) of Connecticut, president of the National Aeronautical association; Maj. Gen. James D. Fechet, chief of the army air corps; Brid. Gen. Benjamin Foulois, Col. Charles A. Lindbergh, Clarence Chamberlin, Lieut. Lester Maitland and Miss Amelia Earhart.

Influenza Epidemic Shown Increasing

(International News Service)

WASHINGTON, Dec. 17.—The influenza epidemic is on the increase in Illinois, the public health service announced today.

For the week ending December 15, 1,142 new cases were reported in the state, with 918 in Chicago. The week before there were only 97 cases reported.

Texas reported 37 new cases, as against 38 the week previous.

Latvian railways have only 17,400 miles of lines.

Men Arrested In Detroit Wanted In Pennsylvania

Two Men Now Held In Detroit Are Wanted By Pennsylvania State Police

(International News Service)

DETROIT, Dec. 17.—James E. Medfisch, 23, and James Spanelli, 24, arrested here in connection with two murders and several holdups, are wanted in Pennsylvania for a robbery there, police said today.

Pennsylvania state police sent a telegram asking that the men be held. The telegram was sent out from the headquarters of Troop A, at Pittsburgh, but did not give any details of the robbery.

Spanelli, Medfisch, the latter's wife, Margaret, 18, and Frank Daniella, 22, were arrested in a raid on an apartment house on East Grand boulevard Friday afternoon.

UPWARD REVISION OF TARIFF SOUGHT IN ALL QUARTERS

ing feed grains which embraces corn and wheat, flax seed, fruits and vegetables, he said.

The proposals for revision emanating from the south include agricultural products, cotton seed oil and peanut oil which are important of many manufactured articles. Thus far no demand has been made for protection on cotton, other than long staple, which was included in the last tariff bill.

From the Pacific Coast and Florida come demands for tariff on various kidns of fruit juices, apple growers want bananas to bear a duty because of their competition; cattle growers are insistent upon protection from growing foreign competition,and textiles loom large in the consideration of readjustment, he said.

To Write New Bills

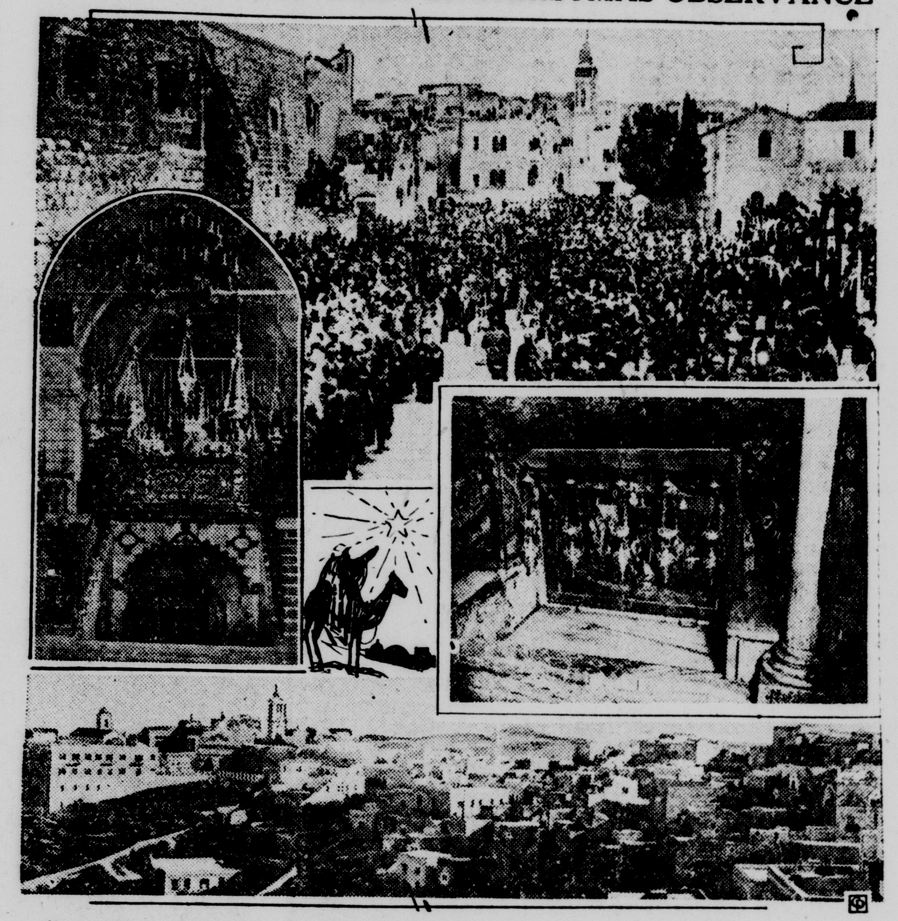

Despite the attitude of Governor Alfred E. Smith and other Democrats in the recent campaign, Republican leaders expect to write a "Republican Tariff Bill," according to Hawley.

"We thought that the free trade theory disappeared after the McKinley tariff and subsequent tariff bills, but it was this thought that prevailed in tre writing of the Underwood tariff in 1914," he said.

"There was opposition to the Fordney-McCumber tariff bill from the Democrats and I am not optimistic enough to expect complete cooperation in the coming eadjustment."

The Republican members of the committee, Hawley indicated, would have conferences of their own after the hearings to agree upon changes.

Above, a Christmas procession in Bethlehem, led by the Patriarch of Jerusalem, which visits the Church of the Nativity; center, left, the church of the Annunciation, built on the spot where the house of Mary stood; right, the manger in which the Christ child was born, later covered by a stately chapel and now a solidly-built convent, half church and half fort, which is visited and venerated by Christians of all sects; below, an excellent view of Bethlehem.

Whalen Is Police Commissioner, Will Take Warren's Post

Wanamaker Interests Agree To Release Whalen To Service In City Office

(International News Service)

NEW YORK, Dec. 17.—Grover A. Whalen is the city's new police commissioner.

He succeeds Joseph A. Warren and will be sworn in at City Hall at noon tomorrow it was announced by Mayor Walker, today.

The Wanamaker interests have agreed to release the general manager of their New York stores so that he might serve the city.

Warren's resignation under pressure last Thursday was the culmination of a series of disagreements with the mayor that came to a head over what Walker termed "the mismanagement of the Rothstein probe."

BOLIVIA-PARAGUAY OPEN HOSTILITIES, MANY ARE KILLED

(Continued From Page One)

tains between the Pilcomayo and Paraguay rivers and a great deal of it is unexplored. Except for roving bands of Indians it is uninhabited.

Travel Is Difficult

The nature of this terrain makes it improbable that Bolivia and Paraguay could carry on a war on a big scale, owing to the absence of roads and the impossibility of sending large bodies of troops through the jungles.

That part of the territory easiest of access lies along the Pilcomayo river close to the frontiers of Argentina and Paraguay.

The forts, where fighting already has taken place, are only blockhouses with stockades and barracks for the garrisons.

Jungles and Swamps

Owing to the impenetrable jungle growth upon the mountain sides and in the swamps, it would be impossible for cavalry or artillery to be moved. Small detachments of infantry might be able to advance, but would have to cut their way through the thick undergrowth.

Military observers here believe that, if war actually comes, both sides would have to employ the tactics followed by the United States marines in Nicaragua of using airplanes.

Between Bolivia and the northern edge of Gran Chaco is a 16,000-foot mountain wall.

Troops penetrating this immense wilderness would have to carry both food and water, as the streams in the jungle are unfit for drinking purposes.

130 Killed

Buenos Ayres, Dec. 17.—Unofficial press dispatches received here today indicated that more than 130 Bolivian and Paraguayan soldiers already have been killed in clashes in Gran Chaco, the territory claimed by both republics. Many were wounded. The first fighting took place at Fort Vanguardia.

According to advices from Asuncion, Bolivian troops attacked the Paraguayan garrisons in Forts Boqueron, Rivarola and General Genes where the fighting lasted more than eight hours. From 20 to 30 men were reported killed in the clash at Fort Vanguardia, while the losses in the later fighting were heavier. A dispatch from Lapaz estimated that about 100 Paraguayan soldiers were killed at Boqueron, Rivarola and General Genes. The Bolivian casualties were said to be slight.

Boy Hit And Injured By Truck About Noon

Fred Frees, aged 14, of 522 North Liberty street, was severely injured about noon today when struck by a car of the Taylor Food Products company on North Liberty street near the Clayton street intersection. According to the report made by Leroy Taylor of the Food Products company, the boys was running from the east side to the west side of North Liberty street when the accident occurred. He was knocked to the street. He was picked up and removed to a nearby house, from which place he was taken to the New Castle hospital in an ambulance. At the hospital, it was found that his left leg was broken. He also sustained other minor injuries.

WEST VIRGINIA CHILD DROWNS

Child Is Drowned, Body Missing, Five Others Are Rescued From Swollen Stream

(International News Service)

SISTERSVILLE, W. Va., Dec. 17.—Search was continued today for the body of 7-year-old Ortha Wells, who was drowned last night in Middle Island creek when the boat in which she and five others were crossing the stream, capsized.

The girl, daughter of Mr. and Mrs. George Wells of Frew, Tyler county, with her mother and three other children and a man named Paden had been visiting at a neighbor's home and in order to reach their house were forced to cross the creek in the boat.

When about half way across the stream, swollen by rain of the past two days, the boat struck a snag and upset. A five-year-old brother and Paden swam safely to shore while the mother held onto the boat and the two smallest children, aged two year and four months. They were rescued by neighbors.

the present embroglio between Bolivia and Paraguay.

In diplomatic circles there appears to be great anxiety over the situation.

Although Mr. Hoover is keeping strictly aloof in regard to the affairs, it can easily be seen that he and his associates are tensely watching the situation and its possible results.

The newspapers here are decrying the break in the long era of peace and harmony that has enabled South America to develop by leaps and bounds during the last few years.

Mr. Hoover, it is apparent, is anxious to see the controversy settled. Moreover, he is hopeful that it will be settled without the intervention of the league of nations. Should the league gain permission to step in and attempt to clear up the situation, it will have gained at least De Factor acceptance of the principle that its sphere extends to South America. Such a principle has not been recognized as yet.

How to Escape FLU

1 Avoid so far as possible the places where flu germs are most apt to be; crowded cars; public meeting places; warm, stuffy rooms.

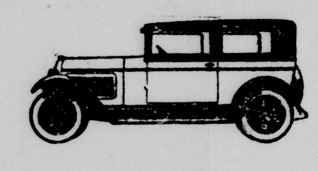

2 Be careful of close contact with others and beware of all coughers and sneezers; breathe through the nose.

3 Get lots of rest. Eat plenty of citrous fruits. Keep the bowels open. Take every precaution to keep in good physical condition, so your system will have high resistance against germs.

4 Above all, avoid catching cold. Any cold may be the forerunner of flu. Take Bayer Aspirin at the first sign of a cold and you can ward it off. Gargle with Bayer Aspirin at first sign of sore throat as this will remove the infection.

5 If you have any reason to suspect even a touch of flu, call your doctor.

Simplicity of design means better *PERFORMANCE*

The new Ford Coupe is distinguished by the trim sturdiness of its lines and beautiful colors. An unusually good choice for the woman driver because it is so reliable, safe and easy to control. The Triplex shatter-proof glass windshield is an important safety feature.

Everywhere you go, you note the smooth speed, power and acceleration of the new Ford—its alert, capable performance in traffic, on hills and on the open road. It has set a new standard for a low-priced car.

"MAKE it better—make it simpler" has always been the keynote of Ford engineering and manufacturing methods. This policy has been carried forward to its highest, fullest expression in the new Ford.

You see evidence of a carefully planned simplicity of design the instant you lift the hood. Its value becomes increasingly apparent when you drive the new Ford.

Smoothness, quick acceleration, remarkable hill-climbing ability, speed of 55 to 65 miles an hour—all these are brought to you in the new Ford without sacrificing economy and reliability. The whole tendency is to give you the most performance with the least machinery.

This applies not only to the engine but to every detail of the electrical, ignition, cooling, lubrication and fuel systems. The engine itself is but one part of a motor car.

An example of Ford simplicity of design

Take the engine lubrication system. It is a combination of pump, splash and gravity feed and is unusually reliable and effective. There is but one movable part — the pump.

From valve chamber down, the entire flow of oil is as simple in principle as water running downhill. Ford design and Ford manufacturing methods have made it trouble-free. The only thing for you to do is to see that the oil level never falls below low (L).

Only one high-tension caole in ignition system

This same trouble-saving simplicity of design is shown also in the Ford ignition system, which reflects much that is new in mechanical design.

A particularly unique feature is the elimination of high-tension cables from the distributor to the spark-plugs, these connections being made by means of thin bronze springs. There is but one high-tension cable and this connects the coil on the dash with the distributor.

The distributor head itself is water-proof and has been specially designed to prevent short circuits from rain, snow, etc.

Another exclusive Ford development is shown in the construction of the housing of the steering gear mechanism. This is made of three steel forgings, electrically welded together.

The housing is then electrically welded to the steering column, thus making a one-piece steel unit.

Many other vital parts of the new Ford are also electrically welded, permitting the use of steel forgings instead of stampings or castings and giving greater simplicity and strength than if several parts were riveted or bolted together.

More steel forgings, in fact, are used in the new Ford than in almost any other car, regardless of price.

All six brakes are silent and fully enclosed

Equally important to good performance is the design of the brakes on the new Ford. The six-brake system is unusually safe, reliable and effective because both the four-wheel service brakes and the separate emergency or parking brakes are of the mechanical, internal-expanding type, with all braking surfaces fully enclosed for protection against water, sand, dirt and grease.

For many years this has been recognized as the ideal combination. It is now brought to you on the new Ford because a simple, easy way has been found to accommodate two sets of full internal brakes in a two-in-one brake drum of great strength on the rear wheels.

A further improvement is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through this construction, the entire surface of the shoe is brought in contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent.

Such simplicity of design is not easy to achieve. Yet it is the first essential of good performance in a low-priced car.

It is made possible only through Ford manufacturing and production methods and the experience gained in making more than fifteen million automobiles.

Back of the new Ford is a larger purpose than the making or selling of a motor car. It is to bring the benefits of modern, economical transportation to all the people and to help every motorist get the greatest possible use from his car over the longest period of time at a minimum of trouble and expense. That is the reason for the value that has been put into the new Ford. That is the reason for its outstanding performance.

Paraguayans Are Attacked Without Any Declaration

Juan Ramirez, Paraguayan Charge D'Affairs Hands Note To Kellogg

CLAIMS BOLIVIA ACTED UNWISELY

Paraguay From First Has Stood Ready To Accept Conciliation, He Says

(International News Service)

WASHINGTON, Dec. 17. — War without a declaration. Thus Paraguayan Charge D' Affairs Juan Ramirez characterized today the clashes between Bolivian and Paraguayan troops in the light of official advices from Ascuncion, Paraguay to the legation here.

Ramirez went to the state department to hand Secretary Kellogg a note he received from the Paraguayan capital late last night.

Note Made Public

The note follows:

"Bolivia has opened war activities against Paraguay, attacking the latter's military positions on its frontiers near the Pilcomayo river and dropping bombs from various aeroplanes on Bahia Negra, a port situated on the bank of the Paraguay river close to the frontier of Brazil.

"A small Paraguayan fort, garrisoned by about 30 men was captured. In view of tihs new aggression, greater, deliberate, and unjustified, the government of Paraguay has had to give way to the overwhelming necessity of taking the most urgent measures for the defense of its territory.

"Confiration, moreover, has been given to the fact announced a few days ago that Bolivia was concentrating troops and arms in an aggressive spirit on the frontiers of Paraguay and furthermore, confirmation has been received of the statement made when the small clash occurred near Fort Galpon, that Bolivia was only seeking a pretext to provike the war which she has been preparing against Paraguay in the belief that thereby she will be able to obtain that which she could not hope to achieve either by arbitration or by any other pacific and juridical proceedings."

Paraguay from the first has expressed a willingness to accept conciliation, and it would not surprise diplomatic circles here if a favorable reply today to the Washington conference offer of good offices were forthcoming immediately.

Restaurant Burns In Seventh Ward

Fire Does Damage Amounting To $100 To Restaurant Of L. W. Anderson

Fire, originating in a pile of paper and boxes next to a hot water heater, did damage amounting to $100 to the restaurant of L. W. Anderson of 203 North Liberty street, Sunday evening at 10:30, says the report of assistant Fire Chief Clare Stockman.

The alarm was turned in from box 75 and was answered by No. 7 fire company and the Pirsch service truck from the Central fire department. When the firemen arrived, they found that the fire had started in the cellar of the restaurant in the paper pile. From there it had burned through the joists and was starting to burn into the first floor when the companies brought it under control. One hundred and fifty feet of hose was used with a reducing line. Both companies were back in service at 11:45.

Believe Couple Slain On Long Island Result Of Feud Between Gangsters

(International News Service)

NEW YORK, Dec. 17.—Police expressed the belief today that a feud between suspects in a hold-up case caused the slaying of Soro Graziano 22, and his wife Mary 18 near a deserted bungalow at Elmont, Long Island early Saturday morning.

Graziano had been indicted for a hold-up in Brooklyn. Police learned that there had been bad blood between Graziano and Frank Plaia who also was involved in the case and a general alarm was sent out for Palia. Graziano had turned state's evidence against his pals.

Before the victims were identified it had been believed thet they were slain while keeping a love tryst.

Mrs. Maria Palaia mother of the hunted man was being held for questioning today.

School Attendance Now Is Increasing

Far Fewer Are Absent Today From Schools State Dr. C. C. Green

A considerable increase has been noted in the schools of New Castle today, and it is hoped that within a comparatively short time the attendance will be normal, states Dr. C. C. Green, superintendent of New Castle's schools.

"There are far fewer absent today than there were Friday," declared Dr. Green. "I am sure that within a short time the attendance will be entirely normal."

GIRL SCOUTS

MINNEHAHA TROOP

The Minnehaha troop of Girl Scouts met on Saturday morning with 21 present. Dorothy Shriver and Ruth Shale were invested as tenderfoot Scouts. Grace Bauder was presented with a midget Scout pin in honor of her birthday.

Next Saturday at the usual time the troop will hold a Christmas party, each girl bringing a present from the ten-cent store. All those girls having more than one toy at home for the poor children will please bring them at this time. All money out for Christmas paper and for the movie tickets must be brought in at this time. Plans were made for the distribution of the toys to the children.

Some girls from this troop were again serving at the booths selling Christmas seals.

Evelyn Raney asks her committee to remain after the Christmas carol practice on Wednesday at the Y. W. C. A. and practice the play to be given on December 22.

HOME NURSING CLASS

This afternoon at 4:15 the Home Nursing class under the direction of Miss Helen Wilson will meet for the last time until January 7. These classes are held at the Fountain Inn.

GIRL SCOUTS

All of the Girl Scout troops of the city are doing something to help spread Christmas cheer. Some are dressing dolls, some are making gingham dogs and cats and others are filling Christmas baskets.

Sauerkraut Found To Lack Vitamins

Penn State Scientist Recommends Sauerkraut Juice As Morning Drink

STATE COLLEGE, Pa., Dec. 17.—Sauerkraut is a beneficial and health giving dish, but scientists have not found it teeming with vitamins, Professor R. A. Dutcher, head of the department of agricultural and biological chemistry at the Pennsylvania State college, asserted today.

Research work conducted at a midwestern experiment station revealed the destruction of vitamin C, the scurvy preventative, in the oxidation and fermentation processes of sauerkraut manufacture. It is possible, states Prof. Dutcher, that some vitamin B escapes this influence.

Sauerkraut juice is a good, refreshing drink in the morning, Dutcher explains, because it acts as a mild laxative on account of the salts and acids it contains, and as a result, peristalsis is increased. Lactic and other acids, formed when the cabbage becomes sauerkraut, have a cleaning effect on the mouth, and discourage the formation of putrifactive bacteria in the digestive tract. The sauerkraut in itself is considered an excellent roughage by the Penn State scientist.

Receives Word Of Death Of Mother

Mrs. Ida M. Disler Dies At Home Of Daughter In Dayton, Ohio

Mrs. R. S. Muder of 610 East Main street received word last night of the death of her mother, Mrs. Ida M. Disler, 66, of Dayton, Ohio. Mrs. Disler's death followed an illness due to complications, and occurred at 3 o'clock Sunday afternoon at the home of a daughter, Mrs. L. W. Armour, in Dayton.

Mrs. Disler was formerly a resident of New Castle and Sharon. Her husband preceded her in death about four years ago.

Surviving the deceased are three daughters, Mrs. L. W. Armour, of Dayton, Ohio; Mrs. R. S. Muder, of New Castle, and Mrs. Paul H. Clark of Sharon, also one sister, Mrs. William Weith, of Youngstown, Ohio, also six grandchildren.

Funeral services will be conducted on Wednesday afternoon at 2 o'clock from the home of Mrs. Paul Clark, 424 Spruce street, Sharon.

Penn State Co-eds Will Lead Cheers

Invade Realm Of Men At Nittany Valley Institution; To Have Assistants

STATE COLLEGE, Pa., Dec. 17.—The fair co-ed has again invaded the realm of the male college student at Penn State. Women will have the right to claim the time honored title of cheer leader at the Nittany institution, according to a recent decision approved by Charlotte Ray, dean of women, the Athletic association and the cheer leaders.

Women cheer leaders as an innovation in the school life at Penn State will be instituted this winter and the men's intercollegiate basketball games, which will take place in the new recreation hall. Mildred Wintz, a sophomore from Philadelphia, has been awarded the position. Two Freshman girls will be named assistant cheer leaders at a later date.

FIRST BAPTIST CHOIR TO PRESENT CANTATA

Under the direction of John W. Owens, church chorister, the choir of the First Baptist church will present the Christmas cantata, "The Child Christ" by Hawley, Sunday evening, December 23, at 7:30 with the organist, Garth Edmundson, presiding at the organ.

The choir will be augmented to about 30 voices. On Sunday morning the Sunday school will present its annual Christmas program.

Guard Against "Flue" With Musterole

Just Rub Away Danger

Influenza, Pneumonia and Grippe usually start with a cold. The moment you get those warning aches rub on good old Musterole. Musterole relieves the congestion and stimu... ...on. It has all the good qualities of the old Mustard plaster without blistering.

First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

Better than a mustard plaster

Pennsylvania Must Guard Against Flu

Local People Urged to Prevent Epidemic Spreading as It Did in 1918, When Half a Million Lives Were Lost in This Country Alone

TAKE NO CHANCES WITH COLDS

While there is no cause for alarm at this time, health authorities urge extra precaution—especially now, when grippy colds, pneumonia and influenza are so prevalent.

Colds Lead to "Flu"

Warning is given particularly against neglecting colds, which lower one's physical resistance and thus make the body easy prey for influenza, grip and pneumonia. Even a little cold, authorities say, is dangerous unless checked at once.

A safe plan is to check every cold at the start by vigorous application of Vicks VapoRub, rubbed on throat and chest at bedtime.

Acts Two Ways at Once

For hours after Vicks is applied, its ingredients, time-tested remedies, such as camphor, menthol, eucalyptus, thyme and turpentine, are released as vapors by the body-heat, and inhaled direct to the infected air-passages, loosening the phlegm and easing the difficult breathing. At the same time, Vick acts through the skin like a poultice, "drawing out" tightness and pain.

Avoids "Dosing" Children

Mothers especially appreciate Vicks for children, as it can be used freely and often, without disturbing the digestion—you "just rub it on." Over 21 million jars are used yearly.

New Faces For State Assembly

Number Of Former Prominent Members To Be Missing January 1

SEVERAL OF WOMEN WILL BE MISSING

(From News Bureau State Capital)

HARRISBURG, Dec. 17—When the General Assembly meets on New Year's day to organize for the 1929 session there will be a number of familiar faces missing in both the Senate and House. Some of the former members will be absent through voluntary retirement while others will be the victims of election defeats.

Perhaps the most prominent legislator who will not be present when the gavel falls will be Thomas Bluett of Philadelphia. During the 1925 and 1927 sessions he was speaker of the House now he is a municipal court judge in his home city.

The casulties were heaviner in the House than the Senate. Mrs. Flora M. Vare of Philadelphia, the first woman to be elevated to the Senate of Pennsylvania will not answer to roll call. Her place has been taken by a Democrat.

A new senator has been elected from Deleware county to take the place of Albert Dutton MacDade who is now a common pleas judge. Judge MacDade served in the upper branch of the legislature for eight years. Another Delaware countian who is not coming back for the 1929 session is William Cloud Alexander a member of the House for several terms.

The Senate agriculture committee will have a new chairman for Frederick W. Culbertson, of Mifflin county, lost out at the primary in an effort to win a third term. He was chairman of that committee at the last two sessions.

Death last summer of Senator Edward Pfischner, Pittsburgh, necessitated a special election. Pfischner was serving his first term last year and really could not be classed as a veteran.

Senator P. F. Joyce, of Luzerne county, Senator Charles Steele, Northumberland, and Senator Lee S. North, of Jefferson, who served in the last several sessions declined to seek re-election this year and their places will be taken by newcomers.

The first woman to head an important committee in the House was defeated at the primary. She is Miss Alice Bentley of Crawford county. Miss Bentley last session was chairman of the education committee.

Two prominent Democrats went down in the Hoover sweep of Pennsylvania last month. Wilson G. Sarig, Berks county, floor leader and Chester H. Rhodes, Monroe county, party whip, will be absent although they both sought re-election.

Christian Miller, of Luzerne, who during the past several sessions was leader of the "anthracite bloc" did not seek re-election this year. Two other familiar house members who will not return are W. Clyde Harer Lycoming county, and W. Edwin Huber, Lackawanna county. Both former legislators were candidates at the spring primary but were defeated.

One former lawmaker who was absens from the last several sessions staged a comeback this year. He is Robert S. Spangler, of York. Spangler was ousted as speaker during the closing hours of the 1921 session. He was returned for the following session but played a very minor roll.

Greenwood Avenue Payment Approved

Two hundred and ninety-two dollars was awarded to Contractor Mike Scanlon today when council met formally in meeting at the City building. The payment represented a final payment for the construction of a sanitary sewer in Greenwood avenue, paved during the summer months.

OLSEN RECEIVES MONEY FOR VINE STREET JOB

Members of city council convened formally in City Hall today and voted $373 to Olsen Contracting Company. The payment, representing the final installment, was for the sanitary sewer built in Vine street.

Young Men Not Taking Up Horse-Shoeing Art

Preponderance Of Business For Automobiles Is Doing Away With Horses

FARMERS IN COUNTY FACE PREDICAMENT

Horse-shoeing may become a lost art unless there is a change in heart on the part of young men but under the circumstances it is doubtful if even you or I would "take up the trade" in view of the disappearance of the horse from city streets.

Ten years ago there were quite a number of shops known as "blacksmith shops" where everything from a "broken heart to a broken wheel" could be mended but some of these shops have disappeared.

There are a few left in the city but not many while here and there in the smaller towns of Lawrence county the "blacksmith shop" is still open but even in these villages young men are not learning to shoe horses.

There is a skill in shoeing horses as everyone who has ever handled a horse knows. A wrong sized shoe or a nail driven improperly can cause havoc and a horse-shoer who can really shoe horses is not yet gone.

Among the horse-shoers of New Castle is "Bill" Marquis and he knows his stuff. He can shoe any kind of a horse from a draft horse to a race horse. Also Morrie Fulkerson of Pulaski, Patsy Hayden of this city and others unmentioned.

Generally the blacksmith or horse-shoe shop is a place for the gathering of farmers in the rural sections and in the cities lovers of racing horses gather there to discuss the trotters, pacers and even the runners.

Boy Scout Winter Camp Is Postponed

Calahan Announces Postponement Of Camp On Account Of Illness Epidemic

Boy Scout winter camp which was originally scheduled to take place the last week of December has been postponed, states J. Lee Calahan, scout executive. The camp will probably be held at Easter vacation, says Mr. Calahan.

Despite the fact that our camp is warm, we are not taking any chances with the illness epidemic and thus will postpone the meet until later, said Calahan.

Scouts who have made reservations in the camp for the winter work will note this announcement. All reservations will be cancelled and scouts wishing to attend the camp at Easter time will make other reservations.

Branch Library Has Large Circulation

South Side Library Has Circulation Of 5,453 In November

The branch library located on the South Side and conducted by members of the New Castle public library staff had a total circulation for the month of November of 5,453, according to the report to the library board by Alice M. Sterling, librarian.

The circulation at the seventh ward branch totalled 3,631 while the Shenango Valley hospital branch was 136.

The latter branch is open one day each week. A special book wagon passes through the hospital and patients may get any book that they desire.

Yuletide Spirit In North Mercer Street

Christmas trees, vari-colored electric lights, mistletoe and wreaths can be seen in North Mercer street, merchants having entered into the spirit of the Christmas holidays.

On the marquee of the Greer block seven small Christmas trees have been placed and immediately beneath are illuminated electric lights. The trees and lights present a good appearance. Every window in the building has a wreath.

A florist has decorated the exterior of his front with mistletoe and wreaths have been placed on each side of the entrance to a bank building.

Will Have Special Bessemer Assembly

A Christmas assembly program will take place at the Bessemer High school December 21 at 2 p. m. A special entertainment is being arranged and several short plays will be given.

At the assembly of the school which took place Friday, the program was as follows:

Talk—H. J. Colton
Song—School assembly
Talk—Rev. J. R. Engle
Songs—Boys' chorus
Address, "Athletics in Education"—James W. Cole.

Your Broadway And Mine

By WALTER WINCHELL

Exclusive Central Press Dispatch to The New Castle News

NEW YORK, Dec. 17.—It is a question whether his ultimate fame would have rested on his writings—apearing in magazines and in novels that create plenty of discussion—or on his way with women. Several months ago he met a young woman a promising young writer in a city in the Middle West. The girl was from a smaller town, a "good family" in the larger town visiting an aunt. With the aunt's permission the writer invited the girl to a small party which he was to give at the hotel—he said—at which there were to be present several other persons most of them known to the aunt.

She went to the hotel and was shown to the writer's suite where there were obvious preparations for a small party but no guests. While they were "waiting" the host suggested a cocktail. After considerable urging the girl accepted a drink, asterisk, asterish, asterisk.

The girl who has worked on a New York newspaper is at present in a sanitarium here a mental wreck. Probably he will not live. With her are her father and a brother the latter commissioned as a deputy sheriff from the home county and state. He has a secretly drawn warrant and secretly drawn extradition papers signed by the governor who has known the girl since she was a child.

If the girl dies the papers will be served and the "man in the case' if he reads this probably will learn for the first time that the penalty under the law of the old-fashioned state in which the offense was committed is to be hanged by the neck until dead."

The law is mandatory upon jury and trial judge. Only one man can avert execution of sentence. That man is—and for two more years will be—the girl's childhood friend, the governor.

SONNET OF ELAPSED ECSTACY.

The Borgia for her sport made men
drink death,
And Beatrice's beauty made a poem;
Informed with flame great Dante's
lyric breath,
I only cite these ladies as a proem
To what I am about to say to you.
Fair Lisa's portrait makes men wonder ever
As to what made her smile's so secret hue.
Some women always makes a man's
endeavor
On any plane (I'll get to you directly)
And in one thing you make your province too, dear;
I only want to word it circumspectly.
And so . . . that is to say . . . I
mean that you dear,
Make triumph where no woman has
aspired;
You join the great ones here, you
make me tired.

—Paul Lee Carr.

One of the greatest song hits of the year is "I Can't Give You Anything but Love" but it is not, as was carelessly stated recently selling 200,000 copies daily. The ditty is the hit of "Blackbirds' the all-colored revusical. It made the composer Jimmy McHugh popular with the better class although he has written hits for years. It also brought prestige to Lew Fields daughter Dorothy, making her debut as a lyricist. But what we started out to report was that the delightful song might never have been known for it was in the score of "Delmar's Revels" earlier in the year and chucked out during the first week. It might have saved that show for "Little Jessie James' only had one song hit which gave the girl-opera a long distance run. That redeeming feature was called "I Love You."

Suffered With Indigestion For Nearly 25 Years

Salesman Also Had Other Ailments; Says Ten Herbs Gave Relief

"Ten Herbs ended indigestion with which I had suffered for nearly 25 years and now I am feeling fine," was the recent statement of Mr. Harry Krape, 327 Hancock street, Greensburg, Pa., according to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 E. Washington street,

MR. HARRY KRAPE

New Castle, where he is daily demonstrating this great natural medicine to crowds of men and women of all ages and stations in life.

"Before taking your medicine, gas and undigested food caused pains," continued Mr. Krape, who is a salesman. "At times I would have headaches and become dizzy. I was so nervous that it was almost impossible for me to have a night of sound sleep. There were sharp, shooting pains in my back and I had a bad case of constipation. I lost my appetite and what food I ate did me little good.

"Since using Ten Herbs, I have regained my appetite, and can eat anything I wish without having pains afterwards. I am entirely free of headaches and dizzy spells. The pains are gone from my back, and my bowels are working properly. I feel fine in general. I do not tire so easily, and my sleep is restful. It is a pleasure for me to tell others what Ten Herbs has done for me. I advise all who are suffering as I was to give your medicine a trial."

Not a day passes but what men and women of this section are endorsing Ten Herbs. Many claim that this new medicine seems to cleanse, strengthen and revitalize the whole system, as well as relieve such ailments as indigestion, biliousness, nervousness, constipation, pains and aches in the back, rheumatism, neuritis or a weak, run-down condition.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Library Has Many Juvenile Readers

Over Thousand Children Use Library Reading Room In Past Month

Nearly as many children used the reading room of the New Castle public library during the month of November as did adults. The total number of persons using the reading room during the month was 2,612. Of this number, 1,073 were juveniles while 1,529 were adult readers.

Reading room attendance during the winter months is considerably greater than in summer months, states librarians.

Will Have Chest Clinic Tuesday

Dr. Harper, County Medical Director, Will Be In Charge Of Work

The Lawrence county chest clinic will take place Tuesday afternoon, December 18, between the hours of 2 and 4 at the headquarters of the Associated Charities at 8½ East street, it is announced this morning.

The clinic will be in charge of Dr. H. C. Harper, medical director for Lawrence county, and Miss Agnes McLaughlin, a registered nurse from the Pennsylvania state department of health.

HI-Y WILL HAVE CHRISTMAS MEETING

A special Christmas meeting of the George Washington Hi-Y club will take place Tuesday evening at 7 o'clock in the banquet room of the Y. M. C. A. This will be the last meeting prior to the holiday season and no meeting will occur next week.

Pomona Grange Given To Congress

Swick Presents Petition From Lawrence County Favoring Kellogg Treaty

(Special To The News)

WASHINGTON, Dec. 17.—By a petition presented to the United States House of Representatives by Congressman Howard Swick, the Lawrence County Pomona Grange, No. 65, Patrons of Husbandry, New Castle, has been placed on record as favoring the ratification of the Kellogg Peace Treaty and opposing the construction of more cruisers than actually needed for police protection.

Congressman Swick has also presented to the house a petition from the congregation of the Union Reformed Presbyterian church of Mars, requesting a Christian amendment to the constitution.

The petition from the grange was referred to the committee on naval affairs and the communication from the Mars church was referred to the committee on the revision of laws.

Some Christmas Trees Already Seen In Homes

Here and there over the city it is noted that Christmas trees have already been erected in homes and decorated.

In a majority of homes however, the trees will not be put up until Christmas eve.

It is likely however that the exterior decorating of homes will be done a little earlier, and the lighting effects may be turned on Saturday night.

Modern sweepers have been added to Rome's street cleaning department.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CHRI$TMAS

Yes, Christmas is being commercialized almost to the point of making it a pagan holiday. But all will admit that the lot of any family is more secure—and usually more happy—if there is adequate life insurance. A life insurance policy keeps a family in funds if the bread-winner is taken.

Entertainers Getting Ready For Big Show

Newsboys To Enjoy Themselves At Banquet-Show, New Year's Day

ROOM FOR MORE ON NEW YEAR'S BILL

Steve Griffith, well known vocalist and pianist today said he would be among those to entertain the newsboys of New Castle who are to be guests of the Leslie Hotel at a banquet and vaudeville show, New Year's afternoon. It is probable that Steve will also have his young son, a trap drummer, also appear on the bill.

Tom McCoy, who like Griffith is a member of the entertainment committee says he will have several entertainers.

The entertainment is to consist of several acts and among them will be Earl Brown and his troupe of colored entertainers.

Two years ago Earle had in his troupe, Doris King who registered a big hit and today he is a singer and dancer with "Shufflin' Along." It is one of the best musical comedies on the road.

It is also probable that George King who has sang over the radio from WTAM and Chill and De Lillo who are Youngstown radio song birds will also join the list of entertainers.

Laying In Supplies

Tom Cunningham, it is believed will be among the list of entertainers as Tom has a warm spot in his heart for the boys and girls who stand on street corners rain, sleet or snow and furnish the people with papers.

The Lelenkoes, banjo and ukele midget stars will be present and according to Saldo, the Mystery Man, both he and Miss Virginia will be present to entertain the boys and girls.

Messrs. Sol and Sam Leff and Mrs. Alex Silverman's representative, Mr. Rafael have instructed Keefe, Voit and Keefe to lay in a stock of turkey, chicken, roast beef and everything that goes with a sumptuous New Year's dinner.

The Leslie hotel proprietors realize that newsboys "tummies" will be ready and they will have all they can devour, and the committee in charge of the event is now preparing plans to handle the crowd.

Superintendent R. J. Tully of the Carnegie Steel company has been requested to donate the auditorium which it is probable he will as the Carnegie officials have always aided the affair in every possible way.

Clarence Miller, Director of Welfare, Beorge Bechtol and police aid the Leslie committee when the newsies' enter the auditorium and the success of the show has in a large manner been due to their capable assistance.

ELKS RECEIVE AID REQUESTS

Thirty Tons Of Coal To Go Out; Arranging For Fund Dance Thursday

Numerous persons of New Castle will look more cheerfully on life on Christmas Day through the generosity of the Elks, who have made arrangements to distribute baskets of foodstuffs and tons of coal.

The committee which met yesterday received numerous calls and it was decided to send out 30 tons of coal immediately so that warmth would prevail in their homes before Christmas arrived.

Recently Fred L. Rentz, a member of the Elks, presented the Elks with $500, to be used to buy coal. He placed the distribution in the Elks committee's hands and is leaving the distribution entirely to the Elks.

Yesterday the committee met at the Elks club. It consists of Sol Davis, Ben Agnew, Wilbur Chapman, George Patterson and Garfield Davis. They received personal visits and inquired into the facts in each case.

It was decided to send out 30 of the 100 tons of coal immediately and baskets of foodstuffs Christmas morning. The baskets will be delivered by members of the Elks Boy Scout troop.

Thursday night of the present week the Elks will hold a dance. The receipts derived will go toward the Christmas fund. Everybody is invited to attend the Elks dance which will be held in the ballroom.

Prayer Meetings Tuesday Night

List Of City-Wide Prayer Services Planned Is Announced By Committee

Community prayer metings in connection with the Kernahan visitation evangelistic compaign will be held on Tuesday and Friday evenings of this week. The pastors of the city are much encouraged over the spirit of Christian co-operation which has been manifested in the prayer services which have already been held. The places of meting are distributed over the city and people are asked to attend the one nearest their own home. The topic for Tuesday night is "The Power for Service". Acts 1: 4, 8. Prayer services will be held in the following homes on Tuesday evening, Dec. 18:

Rev. S. L. Maxwell, 408 Epworth.
George McClellan, 409 Pine street.
Mrs. Ada Krohn, 302 Edgewood.
J. K. Furst, 212 Winter.
Mrs. Anna Glover, 421 Lyndal street.

George Weingartner, Butler road.
John Ulrich, 1020 Beckford.
D. H. Warnock, 938 Winslow.
W. M. Edmiston, 911 Rose avenue.
Joseph H. Emery, State street extension.
First Baptist church, corner North and East.
Mrs. Anna Williams, 707 Croton avenue.

How To Prevent Influenza Spread

Reports from various states indicate that an epidemic of "flu" or la grippe is again sweeping the country, but it is not of the virulent type of the 1918 epidemic. Nevertheless, it is highly contagious. Some of the symtoms are chilliness, sneezing, nasal discharge, cold perspiration, cough, prostration and elevation of temperature, pain in head, chest or back.

Prevention

Keep up your resistance.
Avoid sudden change in temperatures.
Eat wholesome food.
Get plenty of sleep.
Drink a lot of water.
Have good elimination.
Avoid crowds and especially, the cougher.

If you become ill go to bed and call a physician. With proper care you should be well within a few days. Serious complications usually are the result of neglect.

Kiwanis Club Plans Christmas Meeting

Annual Affair Will Be Held On Wednesday Of This Week

Arrangements are being made for the annual Christmas meeting of the New Castle Kiwanis Club Wednesday, Dec. 19, according to Clem D. Parker, who is in charge of the affair this week.

Each Kiwanian is being asked to buy a gift for another member, not to exceed fifty cents in price. Then on Wednesday the gifts are to be collected and given out to the members to whom they are marked by Santa Claus.

BUILDING CODE COPIES ARE NOW AVAILABLE

Copies of the building code can now be obtained by applying at either offices of the city clerk or engineer. The ordinances recently were printed in book form.

The ordinance is voluminous and takes up 108 pages of printed matter. While the code says the ordinance became effective November 10, 1928, until the employment of an inspector, however, the code will not be followed as the inspector has the power to approve or disapprove plans and drawings.

Odd Fellows Plan Christmas Event

Plans are rapidly maturing for the annual Christmas entertainment and treat given by New Castle Lodge No. 295 I. O. O. F. It is to be held during the holiday season on a date to be announced later and it gives promise of being one of the most delightful of these events ever held by the organization.

There will be a very interesting program in keeping with the season of the year and a fine treat for all the children. With the completion of the entertainment and distribution of the treat, dancing will then be the principal diversion.

The affair is for the benefit of all members of the I. O. O. F., their families and friends.

RHEUMATISM IS QUICKLY OUSTED BY NEW KONJOLA

Sufferer Had About Given Up Hope Of Ever Being Well Again —Lauds New Medicine.

MR. MICKE MEEKY
Photo By Seavy's Studio, East Washington Street

What encouragement and hope are to be found in the endorsements that pour in, telling of the amazing results that follow the use of Konjola, the new medicine. The records of this super-remedy fairly bulge with the glad letters from those who have found in Konjola the one avenue of escape from pain and suffering that have defied and resisted every effort to find relief. Konjola is not sold on promises nor claims, but upon the record of its achievements. Konjola passed the experimental stage years ago. It is a medicine known for what it actually accomplishes, not what it claims to do. The best proof of the astonishing merits of this super-remedy is that it triumphs where all else has failed; it conquers the stubborn cases that have baffled every other medicine and treatment tried; it is victorious where disease has held sway so long that all hope of new health was gone.

Consider, as an example of Konjola's powers, the experience of Mr. Micke Meeky, 531 East Washington street, New Castle. He had his doubts about Konjola's ability to help him, because everything else he tried had failed. But today Mr. Meeky, an expert molder, is among Konjola's most enthusiastic friends.

No wonder Konjola is known as the medicine with more than a million friends. I can understand this when I consider what this wonderful new medicine did for me. I had rheumatism for months and months, and what I suffered cannot be described. I had pains all over my body; it was hard to tell where I hurt the worst. The agony was particularly keen in my legs and arms, and this made my work a torture. I am a molder, and a molder with rheumatism is entirely out of luck. I took enough medicine to relieve a dozen case of rheumatism, but I was not benefited a bit. Fact is, my pains grew worse day after day, and I was wondering what to do when a friend advised Konjola.

"It seemed like a joke to me to try another medicine, however fine the recommendation, but my friend urged me to take his advice. 'Try just two bottles', he said, 'and then decide what to do'. So I started on the treatment. My friend certainly knew what he was talking about, for before I had finished the second bottle I was so much better that I knew that the finish of my rheumatism was not far distant. Six bottles—a treatment covering six weeks—banished every pain. I feel simply great, and my friend is as happy as I am that he can say to me 'I told you so'. If anyone has any doubts about Konjola, refer him to me. It will be a pleasure to put any sufferer on the right road to health."

Not an unusual case of speedy relief of a stubborn disease; Konjola's files fairly overflow with thousands of endorsements like this. Isn't it reasonable to believe that what Konjola did for Mr. Meeky it will do for you?

Konjola is sold by **LOVE & MEGOWN, The Druggist**, 204 Washington street, this city.

STUNT DAY IS FEATURE AT Y ON SATURDAY

Team Led By Herbert Christman Leads Other Teams In Stunts

Annual stunt day for Junior B group at the New Castle Y. M. C. A. took place Saturday under the direction of Henry McNicholas. Twenty one boys participated in the affair.

The stunts consisted of candy hunts, tugs of war, relay races, "all fours' races, dumbell races, basketball ball shooting and dribbling contests and a score of other similar competition sports.

The team of boys captained by Herb Christman won the meet with a total score of 71 points. The team led by John Jones was second with 41 points while William McBurneys team followed with 31 points to their credit. Ten points were awarded a team for a first, 5 for a second and three points for third places.

Christmans winning team received a box of chocolates as the prize for the meet.

Boys who participated in the contest were Herb Christman, captain, Clem Semler, Herman Green, Robert Gwin, Joe Rodgers, Robert Lloyd, Robert McClarren, and Charles Smith. Team number two, John Jones, Captain, Howard Rumbaugh, William Frick, Claude Patton, Edward Dieringer, Robert Weinshenk, and Ed Hoon. Team three, William McBurney captain, Carl Custer, Ed Chapman, Yale Kaplan, William Duff, Don Jones and Harold Spyrison.

Fire Chief Issues Christmas Warning

People Should Be Careful With Trees And Decorations During Yuletide

While in this area of electric tree lights and tinsel decorations the Christmas tree fire hazard has been materially reduced, yet Fire Chief Charles H. Lynn believes that the people of New Castle should be more than careful during the coming Christmas season so that fires may be reduced to a minimum.

The following precautions, released by the National Board of Fire Underwriters, are thought to be peculiarly appropriate by Chief Lynn. He asks everyone to remember these warnings:

Be sure that the Chritsmas tree is set up so that it cannot topple over.

Never place the tree near heating devices or lighting fixtures.

Avoid combustible material in decorating the tree. Use metal tinsel, flake asbestos, powdered mica (for snow effects), and other safe products rather than tissue paper, cotton or wool.

Never light a tree with candles. Properly installed electric lights are just as attractive and far safer. Safest of all is a strong spotlight focused on the tree.

If there is to be a Santa Claus, see that he wears a costume that is as near fireproof as possible. Do not let him wear cotton whiskers. Keep him away from fires and open lights. Spray his costume with water glass. This will make it partially fireproof.

Have a fire extinguisher near by ready to use at a moment's notice if anything dangerous happens. If no extinguished is available keep a bucket filled with water near the tree.

Do not permit trees and other evergreens to stay in the house after the Christmas season. They soon become dry and very inflammable.

If a person's clothing should catch fire, caution him to stand very still, and under no circumstances to run for running fans the blaze. Wrap the persons in a rug, coat, cloth or anything which is available. If that is impossible, drop him on the floor and roll him over and over.

"Safe tree decorations have taken much of the hazard out of the Christmas season, for the fire departments at least," concluded Chief Lynn, "but to have a safe Christmas everyone should exercise the utmost care."

Temperature Takes Drop During Week

Average Temperature For Week Of December 9 Recorded At 32.2 Degrees

The mercury took another drop during the week of December 9, the average temperature for the week being 32.2 degrees, according to a report of the week's weather conditions made available this morning by B. F. Johnson, cooperative weather observer at the City of New Castle Water Company's pump station.

Sunday, December 9, was the coldest day of the week, when the highest temperature recorded was 29 degrees and the lowest was 21 degrees. Friday, December 14 was the warmest day, the mercury rising to 54 degrees. Saturday, December 15, was cloudy, and all the preceding days were partly cloudy. During the week, 0.41 inches of rain fell.

Month Of October Health Is Reported

Lawrence County Was Comparitively Free Of Disease Says State Department

Lawrence county was particularly free of disease during the month of October, states the latest Vital Statistics Bulletin, lately released by the Pennsylvania Department of Health.

During October, according to the report, there was one case of diphtheria, one case of measles, nine cases of scarlet fever, two cases of typhoid fever, and three cases of whooping cough. This compares very favorably with the reports of most other counties.

In September, the list of deaths and their causes is as follows: tuberculosis, five; heart disease, nine; influenza and pneumonia, two.

There were 103 births in Lawrence county during the month of September, exclusive of still birth, and 39 deaths exclusive of still birth. Eight still birth were recorded. The birth rate was 23.9 per 1,000 population, while the death rate per 1,000 of population was 9.0. Three children under one year old died during the month, and the infant mortality rate per 1,000 of population was 29.

LIONS INTERNATIONAL

Dec. 17, 1928.

Dear Brother Lion:—

Dr. Kane, Washington, D. C., will speak to us tomorrow. He is a representative of the Gorgas Memorial, an institution founded by Dr. Gorgas, the man who won a successful campaign against the yellow fever in the Panama Canal zone.

Lion Wilson asks that you honor the treasury with a check if you are in arrears.

No meeting Tuesday, December 25.

Very truly yours,
THOMAS I. ELLIOTT,
Secretary.

A movement has again been started to have the state take over as a secondary road the Mercer-Slippery Rock road. A committee meeting was held in Mercer Wednesday evening and tentative plans made for a get-together meeting and banquet to be held in Mercer the beginning of the year.

The officials of the R. R. company have given the supervisors of the township permission to use the ashes and slag of the old right of way for repairing roads. Both Grove City roads will be repaired soon.

Mrs. M. E Glenn of New Wilmington, who has been visiting her son, O. J. Glenn, became seriously ill Monday evening. A doctor was called, also her daughter Della and for some time it was feared she would not recover, but on Wednesday she was able to be taken to her home. Mrs. Glenn celebrated her 85th birthday Friday, Dec. 14.

The infant son of Mr. and Mrs. Donald Coutts passed away Sunday morning after having lived but one day. Interment was made in South Side cemetery, Pittsburgh.

Miss Jane Ligo of New Castle visited at O. J. Glenn's the first of the week.

Friends here were sorry to hear of the illness of Mrs. Jennie Offutt and Frank Smith of New Castle. Mrs. Offutt is suffering with an attack of shingles and is at the home of her son John, and Mr. Smith is in a hospital in Cleveland.

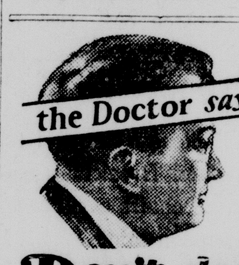

Rev. Van Clive attended a meeting of the Presbytery at Zelienople on Tuesday. He was accompanied by W. A. Tinker of this place and John Nelson of Center.

Rev. Van Clive and Clifford Patterson have had new radios placed their homes.

Don't dope YOUR COUGH

IT is not wise to use remedies which depend upon "dope" such as narcotics, chloroform, cannabis or tar products. They may stop your cough temporarily by numbing the tissues, as most cough mixtures do, but this is not enough.

The inflamed air passages must be soothed naturally, the germ-laden mucus loosened and expelled in order to effect a lasting recovery.

"1900" WHIRLPOOL

The World's Fastest Washer

Armored Like a Battleship

Whirlpool's extra deep copper tub is armored outside and nickeled inside. It can not leak, bend, crack or break.

IF SHE does her own washing give her a Whirlpool and you will be making her a present of added years of life, health and joy. The Whirlpool is the choice of all modern women. Its simplicity, its ease of operation, its speed and its good looks can not be compared by any other standard except that of the latest model fine car. Is is built to wash fast—it will do the washing of an average family of four in an hour and it is built to do the washing safely.

Single Vane Circulator and No Center Post—Exclusive Whirlpool Features

You can entrust your daintiest garments to Whirlpool's tub, for it is the only washer of its type that has no center post or multiple paddles to tangle clothes. Water is forced through the clothes by the big single vane circulator, eight times the size of an ordinary washer blade, thus causing them to make a complete turn every 17½ seconds. They can not remain at a standstill or sink to the bottom of the tub or tangle.

Motto: "If You Must Gamble Don't Do It In Neshannock Avenue"

PETE IS LIKELY TO HEAR NOISE

Lieutenant of Police Peter Hillers has ears as sensitive as a government mule—and 10 out of 14 alleged gamblers realize this today. In fact they're out some money and Peter has the police honor of having captured 10 of 'em unaided. The alleged proprietor paid a fine of $25.00 and the others paid fines in the form of forfeits uncalled for to the tune of $95.

After performing his duties as night chief of police Hillers, who resides in Neshannock avenue, turned his feet toward home. He was tired, sleepy but that instinct, so common in alert police overcame his drowsy feeling. He sensed that everything was not as it should be in Neshannock avenue. He stopped suddenly, perked his ears and smiled. "Gambling" he mused to himself.

"What shall I do?" he asked himself. "Call in for the wagon and more police?" Being over six feet and some inches in heighth and tipping the "beam" at about 250 pounds Peter felt of his muscles found they were not flabby. He made his decision. It was: "Raid the place myself."

As his massive frame appeared in the rear door at 418 Neshannock avenue 14 alleged gamblers in the place stopped short as though jerked with a rope pulled quickly.

They gazed at Peter.

He gazed at them.

"You are all under arrest" he remarked in quiet but obvious tones.

He instructed John Watkins, or at least that is the name police gave him, to call the wagon.

"Nothing doing" replied Watkins.

"O. K." said Peter so he lined the 14 up and barked: "Forward march to the police station."

The 14 started but enroute to the calaboose four of the 14 took "French Leave."

Hillers didn't chase 'em because he knew that a stampede would result and in the pursuit he would have to run 14 different ways with only two legs.

The lieutenant and his squad of prisoners arrived at the police station where De Massie was charged with being the proprietor. Eight visitors placed forfeits. One, Watkins went to a cell.

Yesterday De Massie was fined $25.00. The visitors did not show up. Watkins was given his freedom after paying a fine of $15, the $5 extra being for his refusal to obey the mandate of Lieutenant Hillers to "call the wagon."

But the motto should be: "If you must gamble don't do it in Neshannock avenue."

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

After roaming around for the past four days with a case of the flu or the grip or whatever the specialists finally decided it was, I am prepared to go on record as saying that here is one thing over which one can run a temperature. Just how far up you run it depends upon how good a runner you are.

My own was only 101 which is just over the three figure line, but don't make anly mistake, I'm not complaining. And there are folks who can run a 101 and have a dozen specialists around the bed. The king of England for instance.

One of the nice things about having the flu is the collection of bottles one accumulates. If a patient could be arrested with all his bottles at one time the chances are he would be found guilty without any trouble. It would take less time for him to serve a sentence than for the jury to sample all that stuff, and if they did sample it he would likely get 18 months just because.

With as much flu as there is on you can't tell the druggists there isn't a Santa Claus. Those boys know differently.

After a couple of trips a patient's life is just like living in a shooting gallery. A shot for this and a shot for that, and then a shot to make up for another shot. And every one of them a bull's eye of nastiness.

Where they get some of the vile tasting compounds for a flu patient is by me. Some of the stuff they gave me tasted like something you would get by boiling of pair of motorman's gloves.

It's a good way to keep bill collectors away. Not even the toughest collector would brave that barrage of barks that hits him at the door.

But the mail man keeps plugging away with notes of sympathy and take it from me they help a lot. My friend Herb Rabinovitz scored first with a card in which he waxed poetic. Now I know he wouldn't mind if I ran it, but some things ought to be kept personal. Jimmy Fletcher called up and said there was a bushel of corn waiting for the squirrels out around Mt. Jackson if Pat Dempsey and I went after it.

We'll get the corn later.

This thing of working today is a sort of experiment anyway. After reading everything, including the advice to the lovelorn and the classified ads, a fellow gets tired of laying around.

But here's a tip. You can't beat this flu on your feet. When it hits you, hunt yourself a bed, get a doctor and turn him loose with his stethoscopes, his powders, his pills, his lotions and his variegated colors of mixtures and prepare for a lay off.

And don't get any funny ideas how good you are for the first four days. Take it lying down, brother, or you may wake up with a lily in your hand.

More Butterfat Per Pounds Of Milk This Year, Says McCulloch

Cow testing in the county for the past year in the Westfield association, states Harold McCulloch shows that more pounds of butterfat was produced from a lesser amount of milk. The association is composed of 26 members.

During this time there was an average number of cows of 293.03. In the past year there were 6601 pounds of milk produced while 298.4 pounds of butterfat were obtained. In contract with the year previous 6758 pounds of milk were produced while but 287.4 pounds of butterfat resulted.

The cow testing association is a part of the work of the local agricultural extension association in this county. Other work consists of sponsoring calf clubs, coaching judging teams and conducting dairy meetings.

In the past year miscellaneous dairy meetings numbered nine while two milk meetings took place.

Letters To Santa

Dear Santa Claus:
I am a little girl 4 years old. I have 2 or 3 dollies, but their heads are off. I want a new dimple doll, an ironing board, an iron, a wash tub, some books, a little candy, and anything else you want to bring please.
Mary Belle Ulrich.

Dear Santa:
I want a little Kiddy Car and an electric train. That will be all. Please don't forget, Mama, Papa and my brothers.
Harold Donaldson.

Dear Santa:
Would you please bring me a tricycle and two doll heads, as I was careless and broke mine. I would just love to have a piano to play on, a nice doll buggy for my doll to sit in, an ironing board and electric iron, a desk, table and chairs and some dishes,
Bye, bye,
Betty Jean Hutchison.
Please don't forget my brothers, 6, 9 and 11.

Santa Claus:
I am a good boy and I want a scooter, some candy, and an electric train and a sled.
Jack McGowan,
206 Ashland, street,
Mahoningtown, Pa.

1020 DuShane street,
New Castle, Pa.

Dear Santa Claus:
I am writing this letter to remind you that I am still living at my old address. This year I would like to have a small victrola, a nice dress, a skooter, some dishes, knives, forks, and spoons.
Please don't forget all the other little boys and girls so that they may enjoy their Christmas too.
Yours lovingly,
Margaret Lorraine Davies.

Dear Santa Claus:
I hope you are well Santa Claus, as I want you to bring me something nice. Well I want a 16 inch bicycle, a Junior Pacer sled, and a pair of dancing slippers. I want some of my gifts on my tree.
I am 9 years old, and in fourth grade at school. When you come to my house you will see that we like Christmas, as there will be wreaths and candles in our windows.
There is no snow so I want you to come in your airplane but if it should snow, come in your sleigh.
That is all I can tell you, as I can't think of anything more.
Bye, bye,
Emma Jane White,
Roselawn Garden,
Youngstown Road.

New Castle, Pa.

Dear Santa:
Do not forget me this Christmas, for my Daddy is dead. My mother has been sick for a long time. Please pray for my Mama to get well.
I would like to have a basket of good things for Christmas dinner. My brother would like a little train. I have another sister.
I go to Aiken school in grade 3. Please do not forget me.
Your little friend,
Sara Perell,
629 Spruce street.

Dear Santa:
I am a little girl six years old, and this is what I want for Christmas. I want a pretty baby doll, a small trunk, a pencil box, a set of china dishes, some story books, a tablet and crayolas, a baking set, some candy and nuts.
Yours truly,
Betty Jane Mariani,
621 E. Long avenue.

Dear Santa Claus:
I want to tell you what I would like to have for Christmas. I want a blackboard, a baby doll, a lot of story books, a pencil box, some games, and a sewing set.
I want a lot of other things, but I can't write them all, so if you'll just bring me what I have mentioned I'll be satisfied.
I am 8 years old Santa, and don't forget my darling sister, Dolores Jean.
Yours until next Christmas,
Mary Virginia Mariana,
621 E. Long avenue.

Dear Santa:
How are you? Hope you're alright for I'm going to give you my order. This is what I want Santy; a small dolly, a kitchen cabinet, some doll clothes, a set of dishes, some story books, a pretty bracelet, some candy, nuts and oranges.
That's all I want Santy. Good bye.
Yours sincerely,
Lois Marie Schetrom,
521 Croton avenue.

"Within a Week My Baby Was Entirely Healed"

Humble, Tex.—"My baby suffered from a malignant form of eczema which had failed to respond to many treatments I had tried. I used Resinol Soap and Ointment, and within a week my baby was entirely healed."—(Signed) Mrs. J. K. Morrow.

Bothersome itching, which children tend to scratch and so infect, is in most cases quickly stopped with Resinol. Put on the Ointment at night; then wash off with Resinol Soap in the morning. Recommended by doctors. Resinol Soap, too, for general toilet use. At all druggists.

Mr. Ukvuk no catchum cold

Up near the arctic circle, where 40 below is nothing unusual, Mr. Ukvuk is spearing his breakfast through a hole in the ice three feet thick. And though he catches plenty of fish, he never catches cold.

Why? He never overworks. He doesn't stay out late. He gets sufficient sleep. All of which keeps his vitality and resistance to infection at high mark. But those who work and play much harder need winter health and cold insurance.

To millions that means GROVE'S BROMO QUININE. At the very first symptom of a cold—headache, sneezing, stopped-up feeling, vague discomfort—they promptly take this remedy for its proved and quick results. The tonic and laxative benefits give amazing relief, help throw colds off quickly, and may prevent grip or "flu"... But to get such results, get the genuine by emphasizing GROVE'S when asking for GROVE'S BROMO QUININE. Price 30c.

Eleven New Castle Scouts Signed To Make European Trip

Entire Party Of Scouts Will Be Made Up From Lawrence County Boys

Eleven New Castle Boy Scouts and scout leaders have already signed to make the European tour next summer which is being conducted by J. Lee Calahan, county scout executive. There are also a sufficient number considering the plan to make the local scout leader believe that the entire party will be made up entirely from Lawrence county scouts.

The appointment of Mr. Calahan was made by the National Scout Council. Four counties were included in the party of Mr. Calahan. Due to the fact that so many local scouts and scout leaders are planning to attend, it is thought that other parties will be organized.

The local boys who have signed for certain that they will go on the tour are Ralph Montgomery, Thomas Parlett, Fulton Cook, Howard Gates, Clyde Shannon, Harry Shannon, Jack Stevenson, Junior Brown, Jack Hulme, Owen Fox and Earl Herbert.

C. Of C. Secretary Is Ill With Flu

Full artivities at the New Castle Chamber of Commerce offices were somewhat suspended today due to the absence of Secretary James W. Cole, who is ill at his home on Wallace avenue with an attack of the flu.

As most of the Chamber of Commerce meetings were suspended for the week due to the Christmas rush, it is believed that the routine business of the organization can be carried out despite the handicap of the secretary's illness.

The Story Of The Boxer Rebellion
The Peking Relief Expedition

BY THE LATTER PART OF JULY, 1900, A FORMIDABLE INTERNATIONAL FORCE HAD GATHERED AT TIENTSIN TO MARCH TO THE RESCUE OF THE FOREIGN MINISTERS AND RESIDENTS BESIEGED BY THE BOXERS IN THE LEGATIONS AT PEKING.

IT WAS AS PICTURESQUE AN ARMY AS EVER HAD BEEN ASSEMBLED. IT NUMBERED 20,000 MEN AND INCLUDED AMERICANS, BRITISH, JAPANESE, BEARDED, TURBANED SIKHS FROM INDIA, RUSSIANS, AUSTRIANS AND ITALIANS.

AT THAT TIME THERE WAS A LARGE AMERICAN ARMY GATHERED IN THE PHILIPPINES TO FIGHT THE INSURGENT AGUINALDO, AND A STRONG BODY OF OUR TROOPS WAS SENT FROM THERE TO HELP SUBDUE THE BOXERS

AUGUST 4TH THE RELIEF EXPEDITION BEGAN ITS MEMORABLE MARCH TO PEKING. HORDES OF BOXERS AND CHINESE TROOPS BARRED THE WAY. THE BOXERS WERE NO MATCH AS SOLDIERS FOR THE ALLIED TROOPS, BUT THEIR GREAT SUPERIORITY IN NUMBERS MADE THE INTERNATIONAL ADVANCE SLOW AND DIFFICULT

Johnstown Paper Scores Action Of W. P. I. A. L. In New Castle High Case

New Castle News.
Dear Sirs:

I am enclosing a clipping from the Johnstown, Pa., paper stating what they think of the raw deal handed the New Castle high.

Yours truly,
Harry Laughlin,
Ex New Castle Boy.

The Johnstown comment is as follows:

Scholastic football enthusiasts of Western Pennsylvania are discussing the recent action of the W. P. I. A. L. in suspending the New Castle High School from league activities and in awarding the gridiron title to Beaver Falls High School. The Central Pennsylvania Interscholastic Football Conference does not have a membership as large as the W. P. I. A. L., but neither has the conference been disturbed by such affairs as the New Castle incident which seems to be rather typical of the scholastic organization farther west. It seems that the Beaver Falls High School was determined to land the football title. However, the Beaver Falls football team had been badly beaten by New Castle, the score being in the neighborhood of 40 to 0. Having won all their other games, the Beaver Falls people put on their gum shoes to try to disqualify New Castle. Protests were lodged against two New Castle players, the claim being that they were more than 21 years old, the age limit of players in the league. However, the New Castle authorities were able to prove to the satisfaction of the league committee that the two players in question were not over the specified age. Then Beaver Falls filed another protest on the claim that a third player of the New Castle team was not a bona fide resident of New Castle. Investigation revealed the fact that this boy resided with his brother in New Castle and was a regular student of the High School there. His mother is dead and his father is a barber who follows his trade in another town. The W. P. I. A. L. officials ruled that the young gridder's home was with his father and since the father did not live in New Castle, the lad was not a resident of New Castle and therefore ineligible to play football on the New Castle High School team. For this reason all football games won by New Castle in the W. P. I. A. L. were declared forfeited and the New Castle school was suspended for a period of one year. Beaver Falls was awarded the championship.

The decision in the New Castle case not only indicates an amazing lack of horse sense on the part of the decisions committee, but it is also outrageously unfair to the New Castle school. New Castle had no chance for the league championship anyhow, because of a tie game with Washington High School, but the action of the league casts an unfavorable reflection upon that school for no good reason. Such bungling management causes one to wonder how the interscholastic organization can exist.

According to a statement by a New Castle school official the whole procedure was a cut and dried affair skilfully and carefully decided by those in control of the W. P. I. A. L. The New Castle man asserts that his school never had a chance of clearing itself. Johnstown football followers will recall that the same steam-roller tactics were called into play in 1921 when Johnstown High was denied a football title. The powers in control did not want the championship to go to Johnstown and it did not. The best reason they could find at that time was that the local team had been defeated by an outside team, but they did not hesitate to rule Johnstown out of the running on those doubtful grounds. That decision was enough for Johnstown and athletic teams of the local school have not competed in a single W. P. I. A. L. event since that time. The recent decision likewise will probably result in New Castle severing its league affiliations and the W. P. I. A. L. will probably lose one of the strongest schools in the northwestern part of the State.

lue Book Of Boxing Makes Appearance

The Blue Book of Boxing, in reality a vest pocket publication of Who's Who in Boxing, which will prove indispensable and of vital interest to all connected with boxing, has just been published and is ready for distribution.

The unique volume contains approximately 1,500 correct addresses and invariably the phone number of every boxing promoter and matchmaker of the United States and 24 foreign countries. It lists a comprehensive list of every sport writer and the name of his publication and address wherever boxing is held in all countries. Among them is the name of Ed Fritz, New Castle News.

The personnel of the feature writers of all the news syndicates of the United States are also listed. Every boxing commission of the United States and all foreign countries are listed with the cost of license fees for managers, boxers and seconds. Other valuable information is included.

Duke Barry, veteran internationally known boxing authority, compiled and published this long felt want for the boxing interests.

Tommy Loughran Meets Peterson In Bout Tonight

Loughran To Make First Effort At Heavyweight Ranks In Chicago Arena

(International News Service)

CHICAGO, Dec. 17.—Tommy Loughran, light heavyweight champion who is looking for new worlds to conquer, will make his first start as a heavyweight here tonight in a ten round decision with "Big Boy" Peterson of New Orleans.

With the advance sale of tickets said to total close to $20,000, the show is expected to draw the largest gate of the current indoor season. It will be staged at the Coliseum under the direction of Promoter Mique Malloy.

Loughran, it is understood, will forfeit his light heavyweight crown when he steps into the ring at catchweights with a heavyweight contender. The Philadelphian is expected to scale about 183, or 8 pounds more than the light heavyweight limit.

Peterson's usual fighting poundage is around 190.

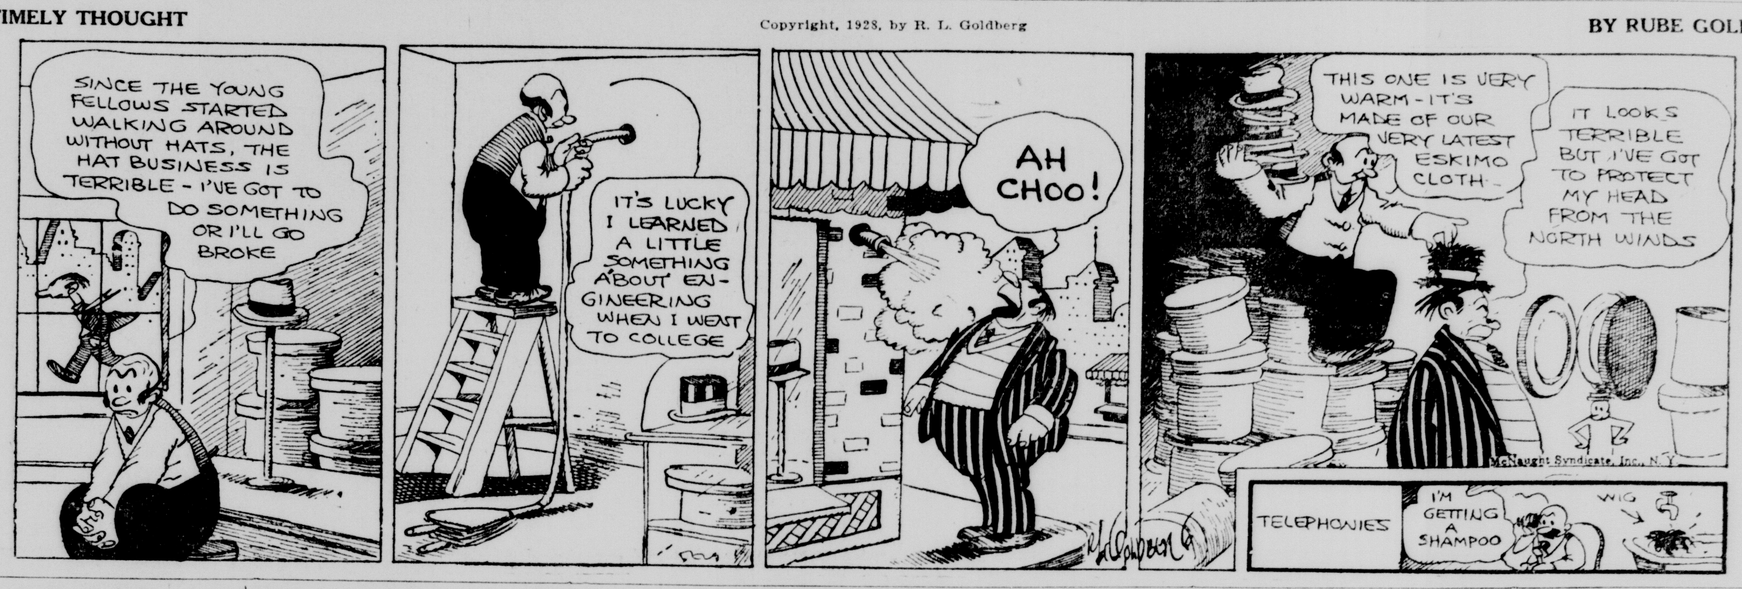

Loughran has declared himself willing to gamble his lesser title on the chances of beating the best among the big fellows and so claim the heavyweight championship vacated by Gene Tunney.

Local Volleyball Players Lose To Pittsburgh Team

Local Y. M. C. A. Team Loses Three Out Of Five Games In Saturday's Game

Members of the New Castle Y. M. C. A. volleyball team, composed of business men of the town, lost three out of five games to the downtown Y volleyball team from Pittsburgh at the games played Saturday evening here.

A fair sized crowd witnessed the exhibition of fast ball. Weible, ranking volleyball champion in the country last year, was judged by the local men to be one of the finest players ever. The locals lost 15-2, 15-9 and 15-11.

Weible slashed equally well with either right or left had and proved to be the sore thumb in the side of the local Y team.

Following the playing of the games, the two teams interchanged a part of their members and played an exhibition game for the spectators.

Independents Face Experienced Team

Independents of Wampum drew a strenuous assignment when the Collegians of the State Teachers college was selected as opponents for Tuesday night. All of the hard wood court players have ability and experience and will be headed by "Bananas" Monaca, Wampum.

He will bring McLaughlin, formerly of Kiski, Zeigler of Sharon, Hartman Mehringer and Morgan, Etna high stars and as they are now showing good form at Slippery Rick the Independents face a strenuous task.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

There have been frequent midnight theatrical performances but only one boxing show after midnight in the history if the city. It took place between Bernie Hahn of Wheeling, W. Va., and Patsy Brannigan in the open air theater at Cascade park about 10 years ago. The show was promoted by Jack Hulme, now a trainer at Westminster college, and Jimmie Dennis, who now sells sweepers to earn his daily bread. The show actually started about 9 p. m. but was not concluded until after 1 a. m.

There had been considerable rivalry between Bernie, a tough egg, and Patsy, who had fought everybody and everywhere and when they journeyed to the park there was no suspicion that a storm would almost wreck the park. After several preliminaries had been fought the skies leadened, the clouds growled and a swift wind swept over the recreation center. Rain fell and the lighting system was crippled. Dancing stopped and everybody was marooned.

"Get a lantern and we'll fight," said Patsy to the writer, who was the referee. "Get a candle; that will be enough for me to see him," responded Bernie. Finally we did manage to borrow a couple of flashlights and was about to start the fight with the lights centered on the bantamweights when the current came on. They fought three rounds and the lights went out again. "You kicked him in the dark!" yelled a fan. He was advised to keep quiet or he would be tossed out into the rain.

Someone rolled a bottle down the floor and the late Hazleton Moore—good old Hazleton, as we remember him—went after the man. The slightest provocation could have started a riot. A couple of state police came into the building and reinforced the squad of city police. "What do you want to do, come back tomorrow night?" the crowd was asked. "We can't go anywhere, it's raining too hard," someone shouted. "We'll wait for the fight. And wait they did.

At 1 a. m. the lights come on. Brannigan and Hahn took up where they had left off. The fourth round began and they finished the ten rounds. After the battle was over the street cars commenced running and the thousand or more who had been marooned in the dance pavilion and those who were in the theater finally were able to reach their homes. Several other bouts were staged at Cascade park but the bouts did not draw. You can't play a $3 affair against a park plan dance and win out.

Jimmie Dime, past master in the lodge of teaching pupils how to punch after being on the broad of his back several weeks with pneumonia is now able to sit up in an arm chair and it may not be long until Jimmie is able to visit his gymnasium which has been a place of quietude since he was taken ill.

Dime is well up in years, but he doesn't show it and were one not acquainted with him would not believe that he is drifting around the 62nd milestone. Dime lived a rigorous and clean life and this has stood him in good stead during the past ten years which have been sort of tough on the tutor.

Years ago wrile crossing Croton avenue he was struck by an automobile and though knocked down and dragged he was not knocked out. He was able to talk while being placed in anambulance and spent several months in a hospital and in bed at home after which he managed to return to the gymnasium.

He suffered from a fractured hip and later went to Pittsburgh where he underwent an operation. The socket was removed from his hip. He spent almost a year in the institution and for several years has walked with the aid of crutches. Recently he commenced using a cane.

He had been putting in many hours each week with a youngster named Dinger who was sent here by Jake Osborne of DuBois when he contracted a cold which developed into pneumonia and he has been on the broad of his back for several weeks. His improvement recently has been fast and he is now sitting up.

JUSTIFIABLE VIOLENCE

Judge—I can't understand a big husky man like you beating a poor frail little woman like your wife!

"But she keeps nagging and taunting me until I lose me temper!"

"She yells 'Hit me! I dare you! Go ahead! Just hit me once and I'll have you dragged up before that bald-headed old fossil of a judge.'"

"Case dismissed."—Law Leaves.

SORDS POINTS

Three Cheers for Bill Alexander

By JACK SORDS
Sports Cartoonist-Writer for Central Press and The New Castle News.

Since Bill Alexander became football coach at Georgia Tech the Golden Tornado has waxed steadily in strength.

That is a great compliment, for Alexander succeeded John Heisman, who turned out the marvelous Tech teams of years ago, teams that trampled rough shod over all southern foes and were extreme annoyances to nothern grid squads that had the temerity to book the Techmen for games.

Heisman was a great coach at Tech. He built great teams and developed great players. Who doesn't remember that famous name—Strupper of Georgie Tech? And Guyon? And Fincher?

Heisman's masterpiece was the 1917 steam roller which made the name, Golden Tornado, immortal.

However, Tech followers will tell you that the Tech team of today, unbeaten and untied, champions of the south and chosen foe of California in the annual east-west battle, is just as good as the 1917 machine.

Alexander has banded together one of the most powerful aggregations Tech or any other school has ever seen in jerseys and helmets. The line is an impregnable wall, topped by that great star, Peter Pund, captain and center. Drenon and Westbrock are a fine pair of guards, Watkins and Thrash will stand up against the best of your tackles, and at the wing positions—ah, what has he there but Waddey and Jones, the most feared pair of ends in the south.

Good as the line is it cannot hold a candle to the backfield for power, speed and sheer brilliance. Durant fits the quarter position as though it were a glove. At the half posts are Mizell and Lumpkin, and at full Thomason. Nothing need be said about the deeds of this trio—you've been reading about them all football season.

There you have the Golden Tornado of 1928 that will hurl its supero strength against California in the Tournament of Roses football game, at Pasadena, Cal., on New Year's Day.

And don't forget that good as it is the team has one big advantage. Bill Alexander is at the helm.

On To Pasadena' By Feg Murray

"California, Here I Come," played to the tune of "Dixie," will resound throughout the South in about a week as Georgia Tech, champion of the Southern Conference, prepares to entrain for Pasadena, bearing New Year's greetings in the shape of touchdowns and field-goals for the Berkeley Bears. The meeting, as you know, takes place in the Rose Bowl at Pasadena on New Year's Day, and when two teams from widely separated sections of the country, both unbeaten in collegiate competition, meet to say "Happy New Year" to each other with punts, passes and runs, it means a battle worth going miles to see.

Georgia Tech conquered Notre Dame 13 to 0. California played a scorless tie with Southern California, which beat Notre Dame 27 to 14. That makes two Rose Bowl rival well matched. Tech has to take the longer trip, but the boys from Berkeley experience just as much climatic change as the Southerners when they journey down to balmy Pasadena. Southern teams have fared well in these New Year's Day games. Alabama beat Washington in 1926 and tied Stanford in 1927. How will Georgia Tech make out in 1929?

It's Bobby Jones's alma mater versus Helen Wills's. Coach Alexander vs. Coach Price. The Yellow Jackets vs. the Bears. "Fathers" Lumpkin vs. Benny Lom. All-Amercain Captain Pund vs. Second All-American Captain Phillips. Let's go, Boys! On To Pasadena!

Christians And First Baptists Win Floor Games

First Baptists Defeat Croton 31 To 24; Central Christians Swamp First M. E.

The First Baptists defeated the Croton M. E. team 31 to 24, and the Central Christians defeated the First M. E. quintet, in Church League basketball games played at the Y. M. C. A. on Saturday night.

In the first game the Baptists had a struggle to down the Crotonites. The score at the end of the first half was 14 to 11 in favor of the Baptists. The work of McKay and Conway who caged twelve field goals between them featured for the Baptists. Nolan with eight baskets was the best bet for the Croton team.

The Central Christians had a runaway in their game with the First M. E. team. At half time the Christians led 26 to 5, and held the First Methodist team to but two fouls the entire second half. E. Bauman with eight baskets and Pauline with six were the high scorers of the game. Cowmeadow also played a fine game for the winners.

The summaries:—

First Baptists 31		Croton 24
Dewberry	F.	Nolan
Wallace	F.	Colaluca
McKay	C.	Leonelli
Conway	G.	J. Colaluca

GOODMAN STOPS BOBBY McGRAW

Dick O'Leary Loses Decision But Newspapers Call Bout Draw

Dick O'Leary and Joey Goodman fought Saturday night in bouts at Cincinnati. O'Leary lost the six round decision to Johnny Brown but the newspapers called the fight a draw.

Goodman knocked out Bobby McGraw in one minute of fighting in a bout scheduled to go six rounds.

After leaving the ring at Cincinnati, Jimmie Dunn scampered to Louisville.

Young Firpo fights a middleweight by the name of Manley in a ten round bout tonight.

City Floor Loop To Open Tonight At Y.M.C.A. Floor

Three Fast Basketball Games On Tap Tonight; Two In City League

Three fast basketball contests are billed for tonight at the Y. M. C. A. floor. The first game will start at 8 o'clock. The City league basketball program for 1928-29 will start tonight.

The first game of tonight will bring together the Temple Israels and Central Presbyterians in a Church league contest.

The Lincolns meet the Knickerbockers and The Castletons meet the Rick Motors in the two City league contests.

All of the City league teams have well known stars on tehir rosters and some good games are anticipated this winter. There are but four teams in the circuit. Henry McNicholas and Walter Kirker have charge of the Church league and City league games.

No Boxing outs At Bowl Tonight

There will be no boxing bouts at Jolly bowl tonight. This is the first Monday night in almost a year that the fans have not trekked to a fistic performance. The next bout to be staged at the bowl will be held Christmas afternoon. The show will start at 2:30 p. m. There will also be a boxing show New Year's Eve according to Bill Jolly, promoter.

High Passers To Open Season At Altoona, Penna.

Friday Night Local High Floor Team Will Open Season At Altoona, Pa.

New Castle high school basketball team will open their 1928-29 schedule at Altoona high school on Friday night of this week. The red and black team is playing an independent schedule this year.

Gardner is busily engaged in trying to arrange a game for the local quintet at Hollidaysburg for Saturday night of this week but so far no definite word of the game has been received here.

Coach Bridenbaugh has a likely looking squad at work at senior high, with six veterans from last season on hand. The candidates this season look promising and there is every indication to believe that New Castle high will go through a successful basketball campaign.

Church Bowling Schedule For Week

Following is the schedule of the church bowling league as announced by officials. Games will all be played on the Y. M. C. A. alleys.

Monday—Central Christian and Grace M. E.

Tuesday—Mahoning M. E. and First Baptist.

Thursday—Temple Israel and Croton M. E.

Friday—Central Presbyterian and First M. E.

Organize Boys League Tonight

A boys' basketball league will be organized from the membership of the boys' department at the Y. M. C. A. by Henry McNicholas, assistant physical director. The boys interested will come to the Y this evening.

Plans will be made for the boys' league this evening a schedule arranged if at all possible. It is hoped that basketball games can be started this coming Saturday.

By a new device an approaching train completes a circuit and thus swings a crossing light into a comcanding position, rings a bell and displays a danger flag.

Return Verdict In Alley Trial

At 2 o'clock this afternoon the jury in the case against Fred Alley, mentioned elsewhere in this issue, brought in a verdict of guilty on the first count and not guilty on the second count.

The first count was a charge of taking a minor person for the purpose of prostitution, and the second was the charge of taking a minor person for the purpose of marriage without consent.

Wilhelm Bans Sale Of Paintings Held By Hohenzollerns

By O. D. TOLISCHUS
International News Service Staff Correspondent

BERLIN, Dec. 17.—Ex-Kaiser Wilhelm, as head of the Hohenzollern family, has issued a decree forbidding the further sale of paintings in possession of members of the family.

If, however, for some reason such paintings must be sold, they are to be offered to German museums first to save them from foreign purchasers.

This has been revealed by Wilhelm von Bode, senior director of the German museums. Bode wrote to the former Kaiser protesting against the "squandering" of valuable paintings abroad by members of the Hohenzollern family. The former kaiser thanked him for the letter, Bode said, and immediately issued the above order.

According to Bode, almost all of the tremendous art values which were in possession of former ruling German princes has been lost. Most of it has been sold abroad, principally, is it supposed to America.

Only the former Grand Duke of Hesse and the former Bavarian Crown Prince Rupprecht have retained a part of the valuable collection of paintings which their dynasties possessed.

"The former royal castles contain about 12,000 paintings," Bode told the German press. "Of these, about 11,000 can scarcely be called paintings, because they were bought merely as charity toward the painters.

"The remaining 1,000 paintings, however, are very valuable."

Mummers To Parade In Philadelphia

Many Permits Are Issued To Applicants; Colorful Throng Assured

(International News Service)

PHILADELPHIA, Dec. 17.—Old-timers who have marched as mummers in the annual New Year's parade are daily visiting the permit bureau of the department of public safety for permits, thus insuring a huge colorful spectacle again this year.

For years there has been a superstition among the mummers that the recipient of the first permit had Lady Luck with him and usually won first prize in the parade.

John Galloway was granted the first permit this year. He is captain of the League Island Comic club. The second permit was given to Michael Quigley of the Silver Clown fancy dress club and the third went to Jack Hines of the Jack Hine's Old Timers.

Some Of Jurors Are Excused

For various reasons a number of purors were excused today by Judge R. L. Hildebrand at the opening of the second week of criminal court today.

Those excused were L. E. Albert, druggist, Ellwood City. Ruth M. Brinton, housekeeper, fourth ward. R. M. Brown, farmer, Washington township. Paul W. Guy, merchant, Wayne township. Victor L. Mandich, clerk, Bessemer. Andrew Moon, farmer, Big Beaver township. Bryan Seamans, Inspector, 5th ward. Qmil Zeich, conductor, Enon Valley.

Four Are Killed In Eastern Section Of State; Fifty Injured In Two-Day Period

(International News Service)

Four persons lost their lives and at least fifty others were injured in week end auto accidents in Pennsylvania, a survey by International News Service today revealed.

All four of the persons killed lost their lives in the Scranton area, which also accounted for twenty-injured.

Pittsburgh—five men and a woman suffered injuries as a result of automobile accidents in this district. One of the five men suffered brain concussions when his automobile broke through a bridge railing and fell fifty feet onto the tracks of the Pittsburgh and Lake Erie railroad.
when machine hits concrete abutment, overturns and catches fire.

At Lancaser — two slightly hurt

At Scranton—four persons killed and 20 injured in series of crashes in Scranton and vicinity.

Allentown—three girls and two men were injured seriously when their auto collided with a trolly car and upset.

Quakertown—a girl was injured and her male companion bruised in an auto accident at a sharp curve near here.

Philadelphia—Fifteen persons were injured in a series of collisions.

Kellogg's Treaty Proposal Withheld In Senate Session

Eight Separate Arbitration Treaties Reported Favorably By Committee

(International News Service)

WASHINGTON, Dec. 17.—Although reporting eight separate arbitration treaties favorably, the senate foreign relations committee today withheld approval of the Kellogg multi-lateral anti-war treaty for the second time.

Proponents of the treaty declared there was no evidence of a filibuster against the pact in the committee's deliberations and predicted a final action at another session committee.

While postponing a decision on the Kellogg plan, the committee approved separate arbitration treaties with Austria, Lithuania, Finland, Denmark, Poland, Czechoslavakia, Albania and Sweden.

Industrial Demands Start To Increase

Coal And Steel Productions At Charleroi Are Increasing Rapidly

(International News Service)

CHARLEROI, Pa., Dec. 17. — Demands on practically all industries throughout this district are on the increase, a survey has shown.

Unprecedented demands are being made on coal producers of this section for increased river shipment to central distributing points. In the Charleroi and Bentleyville region a new record has been set with 19 mines working full time.

Production is running close to 10,000 tons daily in this section and approximately 6,000 more miners are employed in the district than were employed during last year.

Although steel production was unsteady during the month of November, reports from Charlerol, Monessen, Donora and Allenport steel plants are that orders are piling up. Plants in these towns are running about 80 per cent.

Oklahoma Indian Is Made Peace Officer

(International News Service)

PONCA, Okla, Dec. 17.—Leonard Big Goose bears the distinction of being the only full blood Indian ever elected as a peace officer. Big Goose, a graduate of Haskell Institute of Lawrence, Kan., ran on the republican ticket for constable in a township near her and won over stiff opposition.

Big Goose whose tribal name is Da-Shin-As-Bag which means black calf, is 48 years old and has acted as interpreter for his tribe for many years.

SPORTS DONE BROWN

By NORMAN E. BROWN
Sports Writer for Central Press and The New Castle News.

It begins to look as though the winter season would move right on by us without any great assistance for the stove league in the way of startling baseball trades. The Hornsby deal was pulled off early in the opening session of the cracker box boys and since then there has been a dearth of even sensational rumors.

About the biggest trade discussed to date is one involving George Uhle of the Indians. Another rumored deal is one that would send Mark Koenig, Mike Gazella, Cedric Durst and Grabowski of the Yankees individually or collectively to some other club or clubs in a deal that will produce a first class pitcher or two for the Yankees.

The White Sox want to swap Bill Hunnefield and Bib Falk, infielder and outfielder respectively, it is said.

But none of these rumored trades, if consummated, would shock the baseball world.

When you come to study the list of trade possibilities closely it is hard to mention any member of any of the major league clubs, outside of Babe Ruth and Lou Gehrig, the shifting of whom would cause what is commonly known as a furore.

* * *

I haven't the slightest idea where Gene Tunney is, as I write these lines, but I am wondering if he ever gives a thought to the bright afternoon at Chicago when he essayed to take me to task for even daring to intimate that the retention of the heavyweight title by his modest self, in his second fight with Jack Dempsey, would send the heavyweight boxing situation into a long and protracted slump.

Boy, if it isn't in a slump now the Athletics have been winning the American league pennant every year since 1914.

Ask Mr. Willum Gibson, who was Mr. Tunney's boxing advisor and his manager at odd times, outside the drawing room hours.

* * *

And speaking of heavyweights.

If Tommy Loughran, light heavyweight king, is sincere in his announced intention to steer an independent course in his quest of the heavy crown, discarded by Tunney, Brother Tom is to be commended.

The New York athletic commission, that august body which draws more laughs to the square edict than any other organization in sport outside the lawn tennis association, recently ruled that Loughran positively could not fight heavyweights while holding the title of light heavyweight champ.

Loughran feels that he has shown his willingness to fight as a light heavy at every oportunity, in view of the fact that he has defended that crown four times since he grabbed it off in October of 1927.

Since that date he has fought Leo Lomski twice and Jimmy Slattery and Pete Latzo each once. Which brought him into the ring about four times as often, in defense of his title, as to the average champ appears.

Loughran feels that he can prove his right to heavy honors by going into the highways and byways and taking on the run of mine boys. His first fight is to be against Big Boy Peterson, Dec. 17, at Chicago. He has other offers hanging fire, dependent upon the outcome of his battle with Peterson.

Conscience is a still, small voice that doesn't believe in straining its vocal chords.

Commission Sends Note To Bolivia, Regret Expressed

(International News Service)

MONTEVIDEO, Dec. 17.—The permanent commission of inquiry established by the Gondra treaty to arbitrate the Bolivian-Paraguayan frontier dispute dissolved today after framing a note to Bolivia expressing regret over Bolivia's refusal to accept the commission's good offices.

The meeting lasted only 20 minutes. Afterward a spokesman in behalf of Bolivia said that the vigorous retaliatory measures taken against Paraguay were forced upon the Bolivian government by aggressive public opinion throughout the country.

It is believed in many quarters that Bolivia will not make any further warlike move, but may accept the mediation offer of the Pan American conference on conciliation and arbitration at Washington.

So far as known here neither Bolivia nor Paraguay has replied to the second league of nations note.

Hudson Bay Region Fur Grows Scarce Old Trappers Find

(International News Service)

THE PAS, Man., Dec. 17.—Fur is growing scarcer in the Hudson Bay region, that historic paradise of trappers, according to Luke Clemmens, pioneer Fort Nelson trader, who came to town a few days ago on a business trip. Clemmens claims to be a nephew of Mark Twain, the famous writer.

A tough year for trappers is forecast by Clemmens. White fox, especially, are scarce, he declares, while caribou are a rare sight in the country south of Fort Churchill. Ten years ago, caribou were so plentiful in the territory that they were killed for dog meat.

Now, Clemmens wishes he had a good caribou steak for himself.

Clemmens was formerly known as the transportation king of the north. Before the building of the Hudson Bay railway was resumed, he cartried most of the mail in the northland, but his mail carrier days are about over. He now operates three stores in the north country.

Town Blames Movies For Child Criminals

Movie Thrillers Are Blamed By Border Town For Badness

(International News Service)

THE PAS, Man., Dec. 17.—Movie thrillers are blamed by the town councillors of this frontier settlement for much of the alarming increase in juvenile crime. The council is going to probe the type of movies being patronized by children, and it is possible that the old curfew law will be enforced to try and keep the youths away from the wilder films.

It was only recently that a boy robber band of 25 members was arraigned in juvenile court here. The leader was but a lad of eight years, and the disclosures of the gang's robberies followed a summer of crime.

At the present time, any child can attend an evening movie if he has the price of admission.

People who never look forward to the future seldom manage to get ahead.

MEN THAT ARE LOOKING FOR A BUSINESS

We realize that the statements in this ad seem unbelievable to the average man. However, they are the absolute truth and your investigation of the facts is invited.

These are all actual experiences of men in the business or profession named. We have their signed statements. Most of them had no previous experience.

We want 6 or 8 more men who can do as well.

PLANT FOREMAN

W. G. M.: I wish to state that on my former salary it would have taken me 10 years to pay the mortgage on my home. My first year here will completely wipe out the mortgage, as I will earn close to $10,000.

PROFESSOR OF LANGUAGES

F. R.: I was told that I could make $100 per week if I worked hard enough. In the month of June I earned $1,600 in cold cash; just think of it. My family is enjoying comforts and luxuries such as they had only dreamed of in the past.

TRAVELING SALESMAN

R. E. B.: Growing tired of traveling away from home for weeks and months at a time, I became interested in this business, and in 3 years after I quit my $60 a week traveling job I attained an income of $10,000 a year.

DEPARTMENT STORE CLERK

J. N. B.: I was with a department store making $32.50 per week at 45 years of age. Here I earned $54 my first week; however it was soon up to $185 a week. I am now 46 years old, married and living happily off my earnings; have a nice automobile. I am glad to say I have found a place where I have a chance to make my fortune and retire in 5 years, health permitting.

CARPENTER

W. B. D.: I spent 4 years learning the carpenter trade to earn $45 per week. Four days' training here fitted me for a $500-a-month position.

SPECIALTY SALESMAN

J. F. W.: My earnings in a former position varied from $3,000 to $5,000 a year. Here my check for the first week was $40, second week $60, third week $80, fourth week $90. Now I am making between $175 and $200 every week. My regret is that someone did not bring this product to my attention years ago.

FARMER

B. D. U.: I was losing money in the dairy business which I had inherited from my father. The second month with you I earned approximately $400. The first year approximately $3,000. I have just about made up the losses on farm investments. At the present time, I am making $100 per week. In the hot summer months my check ran as high as $150 per week.

N. Y. STOCKS

(International News Service)

NEW YORK, Dec. 17.—Industrial stock prices slipped easily down the hill at the beginning of the new week. Nervousness over the money situation helped the downward movement along, but the market today was mostly under control of the professionals who figured that a stock list which refuses to go up must be forced to go down.

All of the high-priced specialties which led in last week's jubilant recovery were sold quite freely in the first hour today, big blocks of U. S. Steel, Victor Talking Machine, American Can, Sears Roebuck, International Nickel and Radio going over the tape at prices from 2-8 points lower. International Nickel lost 8 points at 241; Radio was down 8 at 330 U S Steel broke below 150; Packard lost 4 in the first half-hour and even the airplane stocks came down from their high perch. The speculative rails lost about half of last week's new gains.

Another sharp rally, probably led by the railroad stocks, is looked for in some parts of Wall street, not until after the turn of the year however will much of an effort be made to turn the tide of prices upward, according to the best informed people a drifting and "churning" market from now until the first week in January is on the cards.

Both the industrial and the railroad stocks appeared to strike bottom in the second hour and prices rallied, gains were comparatively small, but in most cases sufficient to recover the lost ground.

Money loaned in Wall street at 7 per cent with good supplies on hand.

New Search Begins For Boy Victims Of Gordon Northcott

Intensive Search Will Be Made In California To Find Bodies Of Victims

(International News Service)

RIVERSIDE, Cal., Dec. 17.—Still hopeful that some trace of the youths alleged to have been killed on the Northcott chicken ranch will be found in the Mojave Desert, an expedition will leave here today on another searching trip.

The new search was inspired by a statement that a man and woman were seen tossing some large bundles into an abandoned well in the desert and then speeding away in an automobile.

Once before officers, accompanied by Gordon Stewart Northcott, alleged to have killed Walter Collins and Lewie and Nelson Winslow on his chicken ranch, made a search of the desert without results.

The three youths, according to Sanford Clark, Northcott's youthful nephew, were killed by Northcott with an axe. He said he was compelled to assist his uncle and also asserted that Northcott's mother, Mrs. Louise Northcott, helped kill the Collins boy.

Indian Relics Are Added To Collection

University Of Pennsylvania Carries On Research Near Millsboro, Delaware

(International News Service)

PHILADELPHIA, Dec. 17.—Valuable Indian relics revealing pre-historic phases of Indian occupation in southeastern Delaware have been added to the collections of the University of Pennsylvania's department of anthropology as the result of research work carried on during the past week along the shores of Indian river near Millsboro, Del.

Arrowheads of various designs, knives, hammer stones, potsherds and flint materials for the manufacture of implements are among the materials found by the research workers.

All the relics are of the pre-colonial origin, according to Dr. F. G. Speck. The potsherds are considered of particular importance in that many of them bear decorations revealing for the first time that the Indians inhabiting the section were familiar with the art of basket-making and the weaving of fish nets before the first whites settled there.

"Indians of the Nanticoke tribe many of whose descendants now live near Millsboro, are known to have occupied a wide expanse of territory in the Indian river section long before the invasion of the first white settlers," Dr. Speck said.

"These Nanticokes, a peaceful people, spoke the Algonquin language, but they came at various times under the direct influence of the warlike Iroquois who eventually dominated them, and as a result a study of their ancient customs and tribal traditions frequently reveals much that is of Iroquois origin."

MONTEVIDEO, Uruguay, Dec. 17.—Should Bolivia and Paraguay, who now appear to be tottering on the brink of warefare, actually come to graips, Bolivia would have the advantage of an army more than twice as strong as Paraguay's, it was estimated here today.

Bolivia's standing army consists of 7,500 men. There are 230,000 reservists upon which the nation can also draw.

Paraguay's standing army has a personnel of only 3,000. Its reservists total 100,000.

Stirring Sermons By Rev. T. J. Logan

New Pastor At Pentecostal Tabernacle Delivers Able Messages On Sunday

Two stirring sermons were delivered at the Pentecostal Tabernacle, South street on Sunday by the pastor, Rev. Thomas J. Logan, D. D. At the close of each service decisions were made for Christ.

"The Mantle of Power, or the Call and Equipment of the Man of God," was the subject of the morning address taken from 2 Kings 2:9. Elisha said, "I pray thee let a double portion of thy spirit bg upon me."

At the evening service Rev. Logan graphically pictured Jeremiah's wonderful deliverance from the prison or dungeon of Malchiah to the king's royal palace by Ebed-melech, a picture of what Christ has done and can do for every man delivering him from the prison of doubt and bondage of sin to a life of victory, peace and eternal satisfaction.

Announcement was made at both services that a special revival and Bible Conference will be held during Christmas and New Year's week. It is planned to have the stringed orchestra from the Fairmont, W. Va. church present.

Tax Millage Will Be Set

Likely To Remain Same As Last Year For City Purposes

It was intimated today by a city councilman that the tax levy for 1929 will not be lower than 11 1-4 mills, the presen rate and the city appropriations will be made from an estimated valuation of $56,700,000. Had it not been for property improvements during 1928, the valuation would have fallen down as it is reported there has been quite a drop in personal assessments owing to many residents having moved from the city.

The appropriations made for 1928, totalled $608,453. It is not believed that this amount will be cut, although Councilman Burns today stated that he would not like to say at this time and until a thorough examination, of what the city must do, is made.

The appropriations for the various departments in 1928, follow:—

Public affairs—$107,806.

Department accounts and finance—$27,000.

Department public safety—$98,292.

Department health—$47,500.

Department electricity—$76,600.

Department public improvements—$68,300.

Department engineering—$19,700.

Claims, liability for improvements and payment of city's liability for 1927 improvements—$85,000.

Department parks and public property—$47,580.

Payment for water—$10,000.

Miscellaneous, such as G. A. R. memorial, tax exonerations, gasoline, oil, general contingent, swimming pools and bath-house and pension fund—$15,875.

Repair shop, salaries and expense—$4,800.

One of the appropriations in the department of health was $15,000 for new apparatus. None will be bought for the fire department this year.

However, in passing the city building code, the provisions call for the employment of an inspector which means that it will not be enforced until an inspector is named at probably a salary of several thousand dollars a year.

The police department is in need of new automobiles and the mayor has stated he will ask council to make an appropriation for two new automobiles.

Allege Pocketbook Taken In Court Room

George Shook Held On Number Of Charges In County Court

George Shook is in the county jail after a rather unusual experience over the week-end. Shook is indicted in the present court on a charge of issuing a fraudulent check and was to have stood trial during the present court.

He was also up in the desertion and non-support hearings held early in the term. While he was up for hearing on the non-support charge it is alleged that he took a pocketbook from a woman in the courtroom.

An effort was made to apprehend him, but he disappeared and his bail bond of $300 on the bad check charge was forfeited. His bondsman, P. C. Meyers, then interested himself in the case and succeeded in bringing Shook to the county jail. It is doubtful if the bail piece of Mr. Meyers will be forfeited in light of his work in the case.

Mt. Jackson Fire Truck Mystery Is Finally Settled

Residents of Mt. Jackson on Friday evening were excited over the appearance of a full fledged fire truck speeding through the limits of the village and have solved the mystery at last.

It was thought at first that there had been a fire and that the New Castle companies were sending aid. However this was deemed wrong due to the fact that there was no lettering on the truck to indicate that it was from New Castle and there was but one man on the truck.

It develops that it was a fire truck company representative from Pittsburgh who was returning with a truck following a demonstration of it to the Bessemer borough council.

NEW CASTLE DRY GOODS CO.

Nebula And Island Universes

By S. S. MYERS

"A friend of mine who is interested in astronomy insists that there are no real neubula in our universe—that what astronomers once classed as nebulous bodies have, when viewed through powerful, modern telescopes, turned out to be what they call 'Island Universes' infinitely distant in space. How about it?"

(L. S. M., New Castle, Pa.)

Astronomers recognize three classes of nebula, viz: non luminous bodies of dust and vapor, luminous, gasseous bodies and spiral nebula. The latter are outside of our universe, while the luminous and non luminous are a part of our universe. One of the nearest of the spiral nebula is that seen through the constellation Andromeda. It is one million light years distant. Many of these outside universes have been discovered, some so far away that the astronomical instruments of the present time fail to measure their distance. Those within measuring distance in addition to the one just mentioned are the Ring Nebula in Lyra and the two Magellanic Clouds, the latter being too far south to be seen in this latitude. The smaller of the Magellanic clouds is only ten light years in diameter, but it is nearer to us than any of the other outside universes and has some huge suns, one nearly a million times larger than our sun. The larger Magellanic Cloud is about twice the diameter of the smaller one. The Ring Nebula in Lyra is about half the diameter of our universe, while that seen through the constellation Andromeda is calculated to be fifty light years in diameter. None of these outlying universes are as large as ours, which Harlow Shapley estimates to be two hundred light years in diameter. Hence ours is called the continent Universe while those outside are called Island universes.

As to the luminous nebula within our universe that in Orion is the most wonderful in the heavens. It is fan-shaped in structure. Dark spots can be seen in the center and enormous wing-like extensions of nebulosity which gives it the appearance of a ghostly bat of prodigious size. The spectroscope reveals the bright line spectrum of glowing gass. Perhaps a few million years hence it will have condensed into a sun.

In addition to the luminous, gasseous nebula, there are dark, non luminous bodies scattered here and there throughout the universe. These are composed of dust and vapor, perhaps waiting for the hand of the Creator to touch them into life. There is a hint of this in the first chapter of Genesis which says: "And the earth was without form and void (being only a part of the nebula of which our sun and solar system was to be formed) and darkness was upon the face of the deep. And the spirit of God moved upon the face of the waters. And God said, 'Let there be light'; and there was light." The dark nebula was touched into vibration producing light and heat, condensing into our sun from which came the earth and the other planets.

Milton adumbrates this idea in Paradise Lost where he describes Satan pausing at the open mouth of hell, ere he set out across the abyss which lay before him, seeking for the abode of man:

"Into this wild abyss,
The womb of Nature, and perhaps her grave,
Of neither sea, nor shore, nor air, nor fire,
But all these in their pregnant causes mixed
Confusedly, and which thus must ever fight,
Unless the Almighty Maker them ordain,
His dark materials to create new worlds:
Into this wild abyss the wary fiend
Stood on the brink of hell, and looked awhile,
Pondering his voyage: for no narrow firth
He had to cross."

TREES ARE LIGHTED

Several electrical Christmas trees, placed on the front and side of the Pennsylvania Power company building, which are illuminated after dark, present a beautiful appearance.

Rush Starting At Postoffice

The first extra counter to care for the usual holiday increase in parcel mailing of New Castle residents, was pressed into service at the local post office today. Two additional tables could be set up at a moment's notice should conditions demand it, postal authorities state.

A regular clerk was in charge of the extra table in the post office hall today, rendering the utmost service to patrons of the local office of the service who happened in during a rush period. The clerk will be stationed there until the holiday rush subsides. However, it may be necessary to add one or possible more counters before Christmas day comes around.

Should it become necessary to do so, Postmaster Crawford will order another table be operated in the hall in order to give the best service possible to Christmas mailers.

EIGHT EMPLOYES OF P.-O. COMPANY ILL

Illness has struck the ranks of the transportation department of the Pennsylvania-Ohio railway and extra men are serving in the places of eight men who are reported on the sick list. All of them are street car or bus operators. Most of them have la grippe or severe colds.

No Y. W. C. A. Bible Class Tuesday

The Y. W. C. A. Bible class will not meet Tuesday evening. The last meeting of this class until after the holidays was conducted last Tuesday evening.

ATHLETIC CLUB PARTY POSTPONED

The Y. W. C. A. Christmas party which was to be given by the Athletic club of that organization Tuesday evening, has been postponed to an indefinite date, it is announced.

The reason for the postponement is on account of the illness epidemic.

PAYROLLS APPROVED

Members of council today approved the various payrolls for municipal departments. Payday will be Tuesday and it will be the last pay for municipal employes before Christmas.

Illness Postpones Meeting Of Marshall Special Commission

Dale Marshall Special Commission Meeting Postponed Indefinitely

Due to the continued illness of Dr. L. W. Wilson, the special commission appointed by the court to determine the mental state of Dale Marshall did not meet this morning.

The commission is composed of Attorney W. J. Caldwell, Dr. L. W. Wilson and Dr. W. C. Burchfield. A meeting was originally set for Friday and later for this morning.

Due to the illness of Dr. Wilson, the meeting of the commission has been postponed indefinitely.

State Highway Officers Are After Youths At Walmo

Corporal Davis of the State Highway Patrol today called attention to a dangerous sport that is being carried on by youngsters in the vicinity of Walmo.

The sport is to get an old automobile tire, wrap it until it looks like a new tire and then leave it on the highway. Several motorists have stopped abruptly, nearly causing wrecks and discovering the hoax have gone on leaving the tire in the road.

Corporal Davis promises vigorous prosecution of the miscreants if the practice is continued.
